## SUREPUNCH PDT SERIES

The soft, rubber-embedded handle provides a sure, comfortable grip with no slipping. Soft rubber cushions your palm as you punch down the wires. Lanyard holes in the end make the SurePunch PDT easy to carry and hard to misplace. Uses twist-and-lock-style blades (all brands). Terminates and cuts telephone wire and data cable into a variety of termination panels including 66, 88, 108, 109, 110, BIX™ and Krone® LSA for insulation displacement (IDC) type bifurcated terminals. Paladin's
