

716-8925

TL900F

A fully enclosed Toggle Latch designed for use in applications where appearance is of maximum importance.

The height of the latch in the closed position is only 10mm, thus offering a smooth unobtrusive assembly.

The TL900F is offered in Chromium Plate only. Strike must be ordered separately under number TL900-5.

TECHNICAL DATA

Pull up : 8mm approx
Material : Cold rolled steel.
Finish : Lever and latch : Chrome plate

Base and strike bright zinc plate to BS1706 Zn3.
