

## Soldering Tip - Hexacon

CH

**COMPATIBLE STATIONS:** Hexacon Therm-O-Trac, Hexacon 1001, Hexacon 1002, Hexacon 1002A, Hexacon Select-O-Trac, Hexacon 1003A/B, Hexacon 1006A/B

Plato is one of the largest manufacturers of soldering tips in the world, producing tips to fit all of the most popular soldering stations. The long life and fast heat recovery of Plato soldering tips increases user effectiveness and decreases production times. All Plato soldering tips manufactured since January 2004 are tinned with Lead-Free solder.

### Long Life:

Using a high quality Plato soldering tip increases soldering speed and decreases the total cost of manufacture. Higher temperatures and high tin content solders, common in lead-free soldering processes, place additional strain on soldering iron tips. The long life of a Plato soldering iron tip reduces tip changes, decreasing the total number of tips used and decreasing production time.

### Rapid Heat Recovery:

Plato soldering tips are constructed from highly conductive premium grade copper to transmit heat to the work more quickly than other brands of soldering tips. This quick heat recovery enables more joints to be soldered per minute, thus reducing manufacturing time and costs.

- Fast heat recovering increases soldering speed
- Longer tip reduces manufacturing costs
- Fewer tip change overs

## Product Dimensions

### CH-3489 - Soldering Tip - Hexacon

10 units/case

### CH-3867 - Soldering Tip - Hexacon

10 units/case

### CH-3868 - Soldering Tip - Hexacon

10 units/case

### CH-4299 - Soldering Tip - Hexacon

10 units/case

### CH-4314 - Soldering Tip - Hexacon

10 units/case

### CH-8138 - Soldering Tip - Hexacon

10 units/case

## Environmental Policy

Techspray is committed to developing products to ensure a safer and cleaner environment. We will continue to meet and sustain the regulations of all federal, state and local government agencies.
