

# 6390

- Vertical mount, extruded heat sink for TO-218 and TO-220.
- Solderable pins allow vertical board mounting without stress on device leads.

| Model | Dim. A | Weight<br>(lbs./grams) |
|-------|--------|------------------------|
| 6390B | 1.00   | .016 (7.26)            |
| 6391B | 1.50   | .024 (10.88)           |
| 6392B | 2.00   | .032 (14.51)           |

Note: To order optional solderable roll pin with shoulder, add suffix "P2" after model number, e.g., 6390-P2. Shoulder is .045/.050 (1.14/1.27) thick.
