FINISHED CABLE DATA																																																																																					
CONDUCTORS		WIRE AWG		24 AWG Solid																																																																																	
		Ø RANGE in mm		0,485<=Ø<0,546																																																																																	
		MATERIAL		COPPER																																																																																	
		PLATING		BARE																																																																																	
		ELONGATION		15% PER EN 50288-1																																																																																	
INSULATION		MATERIAL		POLYETHYLENE																																																																																	
		OVERALL DIAMETER		0,95																																																																																	
DRAIN WIRE		WIRE AWG		-																																																																																	
		MATERIAL		-																																																																																	
		PLATING		-																																																																																	
		ELONGATION		-																																																																																	
BINDER		POLYESTER TAPE		OPTIONAL																																																																																	
INDIVIDUAL PAIR SCREEN		MATERIAL		-																																																																																	
OVERALL SHIELD		FOIL MATERIAL		-																																																																																	
OVERALL SHIELD		BRAID MATERIAL		-																																																																																	
		PLATING		-																																																																																	
		COVERAGE		-																																																																																	
		ELONGATION		-																																																																																	
JACKET		MATERIAL		LSZH																																																																																	
		OVERALL DIAMETER (D)		5,0 mm																																																																																	
PULLING FORCE		MAX.		80 N																																																																																	
1. REFER TO PRODUCT SPEC 108-93018 FOR ADDITIONAL REQUIREMENTS.
