

Tool Roll Kits

The 281-852 is a general purpose tool kit with sufficient tools for most office, workshop and maintenance applications including the home and car.

The 281-864 is a more comprehensive kit having twice as many tools as the TRK1 to cope with more varied maintenance applications. The tools chosen are not specific to any one industry and hence offer a very usable selection in many situations.

281-852 Contents:
