

Silicon NPN Phototransistor in SMT Package

Version 1.4

SFH 3201

Features:

- **Spectral range of sensitivity:** (typ) 460 ... 1080 nm
- **Package:** Reflective Interrupter
- **Special:** High linearity
- Available only on tape and reel

Applications

- Photointerrupters
- Industrial electronics
- For control and drive circuits
- Ambient light detector

Ordering Information

Type:	Photocurrent I_{PCE} [μA] $\lambda = 950 \text{ nm}$, $E_e = 0.1 \text{ mW/cm}^2$, $V_{CE} = 5 \text{ V}$	Ordering Code

Packing

Please use the recycling operators known to you. We can also help you – get in touch with your nearest sales office.

By agreement we will take packing material back, if it is sorted. You must bear the costs of transport. For packing material that is returned to us unsorted or which we are not obliged to accept, we shall have to invoice you for any costs incurred.

Components used in life-support devices or systems must be expressly authorized for such purpose!

Critical components* may only be used in life-support devices** or systems with the express written approval of OSRAM OS.

*) A critical component is a component used in a life-support device or system whose failure can reasonably be expected to cause the failure of that life-support device or system, or to affect its safety or the effectiveness of that device or system.

**) Life support devices or systems are intended (a) to be implanted in the human body, or (b) to support and/or maintain and sustain human life. If they fail, it is reasonable to assume that the health and the life of the user may be endangered.

Glossary

- ¹⁾ **Typical Values:** Due to the special conditions of the manufacturing processes of LED, the typical data or calculated correlations of technical parameters can only reflect statistical figures. These do not necessarily correspond to the actual parameters of each single product, which could differ from the typical data and calculated correlations or the typical characteristic line. If requested, e.g. because of technical improvements, these typ. data will be changed without any further notice.
