

# WORLD ADAPTER PRO USB

## Boundless ways of use!

### 2in1 solution: Adapter & USB charger

The combination of the World Adapter Pro and Euro USB Charger offers travellers from Europe even more flexibility the whole world over!

### A European who is welcome the whole world over

Thanks to its patented all-in-one country slider system which includes five different country plugs you can easily connect all your 2- and 3-pole devices to the power supply in more than 150 countries. Travel East, West, South or North of Greenwich – with the World Adapter Pro USB you always stay independent from the specific socket at your destination.

### Unlimited versatility for laptop and iPhone

With the World Adapter Pro USB all powerful 3-pole devices like laptops and hairdryers, and also all 2-pole devices like electric toothbrush or razor can be used and all USB devices can be charged. Therefore nothing prevents your laptop and iPhone to be powered in New York, Sydney, Rome or London.

Your device has got a different plug standard? Then please check out our [World Adapter Pro+USB](#).

## A powerful USB charger in the blink of an eye

You can change the multifunctional travel adapter into a charging station for your USB devices with one simple movement. This means that the World Adapter Pro USB enables simultaneous charging at full energy of iPhones, iPads and all other USB devices, in more than 150 countries worldwide.

### Swiss quality

"Designed in Switzerland" gets to the heart of the elegant, lightweight device's character: absolutely **safe**, always reliable and the highest possible quality - if you take this Swiss gadget on tour you will never have any connection problems again.
