ARCHOS 10ı xs GEN 10

ARCHOS unveils the XS line, a new range of extra slim Android™ tablets: The ARCHOS 80 XS, 97 XS, 101 XS and 116 XS. ARCHOS' new range offers a combination of super-fast web-browsing and an elegant slim-line design. ARCHOS continues to push the technological boundaries with the new and innovative Coverboard, a unique keyboard conceived for each tablet model. All the tablets come with an ultra-thin magnetic Coverboard to protect, dock and type.

The new definition of thin: 8 mm / 0.31''

Binds fiber casing to a strong metal frame with paper-thin steel (0.1mm), for amazing strength and incredible elegance.

Magnetic Coverboard: 4 steps ahead

Ultra-thin magnetic Coverboard to perfectly cover, dock and stand your tablet for typing.

Play anything, share wirelessly

ARCHOS tablets come with tailor-made Media Center apps bringing Full HD video, more codec support, jackets & meta-data for your videos and wireless sharing over your home network.

Pure Android™ experience

Google™ certified, Android™ 4.0 and full access to Google Play™ Store.
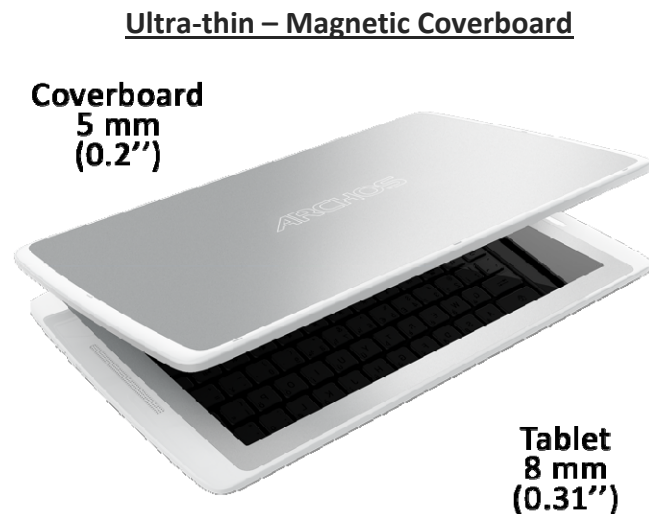

I. The new definition of thin

Innovative engineering: binds fiber casing to a strong metal frame with paper-thin steel (0.1mm), for amazing strength and incredible elegance.

1.4 mm (15%) thinner than the New iPad

ARCHOS 10ɪxs   iPad

As light as it is elegant

3. **DOCKS**: When docked the Coverboard is powered by the tablet giving you hours of productivity.
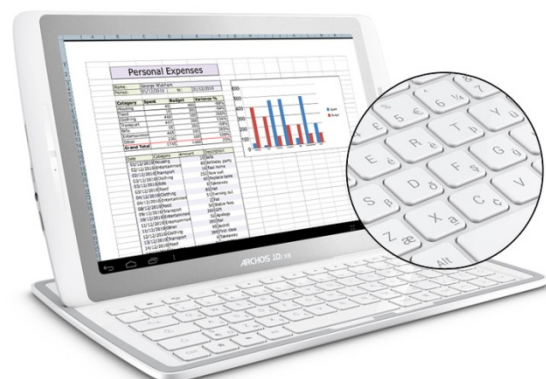

Dock & charge your tablet

The Coverboard also has a DC in, when plugged to power outlet the keyboard functions like a dock and charges the tablet.

Convert your tablet for typing

4. **TYPES:** The touch and feel of a comfortable chicklet keyboard to type easily. Free up screen space on your tablet and work faster with Android^{TM} shortcuts for direct access to the main functions.

Full Office App - ARCHOS XS series tablets come with the complete version of OfficeSuite Pro 6 preinstalled. This critically acclaimed application allows you to view, create, edit, print and share Word, Excel and PowerPoint files as well as open attachments and see PDF files. Unleashing the full productivity of the Coverboard on your XS series Tablets.

III.   Play anything, share wirelessly with ARCHOS Media Center

Experience your media your way

Complete codec and format support - the ARCHOS Media Center applications include the most complete codec and format support around. Using over 12 years of mobile video experience, these apps will play pretty much anything that you could throw at them; even true 1080p HD video for most formats and codecs.

Video carousel - find your film easily thanks to movie and TV show information and jackets[1] automatically downloaded by the ARCHOS Media Center and displayed in the video carrousel; your video library is organized by title, series, actor etc.

Subtitle search tool - part of the ARCHOS Media Center the Subtitle search tool[2] means that the right subtitles are just a few taps away.

Share your media your way

-   *Wirelessly:*

Wireless uPnP streaming - media streaming from any computer on your home network to your tablet is included is standard in the ARCHOS Media Center. Perfect for playing music from your PC on your ARCHOS XS boombox.

Wireless DLNA streaming - playing media stored on your tablet on your DNLA compatible HDTV (or other DNLA device) wirelessly via the ARCHOS multimedia server app is simple.

WiFi Direct - ARCHOS XS series tablets are WiFi Direct ready. Transferring media between WiFi direct devices is not only easy, but lightning fast[3]. A full HD movie can transfer in just a few minutes.

Home file sharing - Copy files wirelessly from your home file sharing network via the tablet optimized ARCHOS file manager with full drag & drop support[4].

- *Wired:*

Read media from external storage - The ARCHOS media center apps can read media directly from any USB flash or hard drive that you plug into your XS tablet[5].

Mini-HDMI – a mini-HDMI port comes as standard on XS series tablets - just what you need to connect to your HDTV to enjoy your movie on the big screen.

Remote control - Thanks to the ARCHOS remote control app for Android you can control your ARCHOS XS tablet remotely from your Android smartphone[6]. Perfect for when your ARCHOS XS tablet is connected up to your home cinema.

IV.   Pure Android™ experience

Google™ Certified with Full Access to Google Play™ Store

Certified by Google™, ARCHOS Gen10 tablets include full access to the Google Play™ Store, including DRM support for downloading books, music and movies.

Play Apps and Games - with over 500,000 Android™ apps and games your tablet truly is your mobile entertainment system. Thanks to the 1.5 GHz smart multi core processor and its powerful graphic co-processor even graphically demanding games will look amazing.

Play Music - Millions of tracks, hand-picked rising artists and great bands from your favorite genres. You can even transfer your own music library from a USB stick or portable hard drive via the USB host port (adaptor required).

Play Books - With over 4 million books to choose from, including millions of free titles, your next great read is never far away.

Play Movies - Choose from an incredible selection of thousands of movies on Google Play including HD titles, new releases, award-winning films or your favorite classics. You can even play them on your TV thanks to the standard mini-HDMI out port included on Gen10 tablets.

Pure Android™ 4.0 "Ice Cream Sandwich"

Powered by an unskinned version of Android™ 4.0 'Ice Cream Sandwich', ARCHOS Gen10 tablets deliver a pure Android™ experience.

Adobe® Flash® support brings the true web and thanks to the 1.5 GHz smart multi core processor powerful multi-tasking is at your fingertips.

With Google's suite of mobile applications your Google Certified ARCHOS Gen10 tablet is the versatile tool for your connected life:

Gmail, Google Talk and Google+ (with multi-user video huddles thanks to the front webcam) let's you keep in contact with your friends and family.

Google Maps™ with Street View™ and Navigation™ (beta) integrates with the GPS module inside ARCHOS Gen10 tablets.
16 GB of internal storage combined with the micro SD slot (accepting up to 32 GB of extra storage) gives you plenty of space for your apps and media, and if that's not enough then Google's cloud storage offering, Google Drive™ with 5 GB of free cloud storage gives you the extra space you need.

V.   Designed accessories

Via X-pin connector

Boombox

The Archos Boombox is the perfect musical companion for your Gen 10 tablet. It easily combines a sleek design with remarkable sound, continuing the elegant design of your tablet for perfect ergonomics. Place your tablet on the X pin connector to charge your tablet while you enjoy your favorite music thanks to the speakers with an output of 32 watts.

Cradle

Archos Cradle is an ingenious little product which allows you to charge your tablet. Aesthetic, you can place it where you want. It includes USB ports and Audio ports to plug in hard drives and your existing stereo system to your tablet.

Standard accessories

Pouches
