

### Single sided laboratory

Single sided	Process	Item Code	Quantity
CIAO 4 software	Design	DCIAO	1
Mini laboratory LABOTEC	Exposure & Etching	EP 205	1
Products set for exposure unit MI 10-16	Exposure	BC10PROD	1
Products set for etching machine GRAV'CI2	Etching	BB2PROD	1
Chemical safety kit	Etching	I43203	1
Sensitive drilling machine TECHN 007 MR	Drilling	DP593	1
Set of drill bits for drilling machine	Drilling	DU95	1
Bench drilling machine MECATEC 2	Drilling	DP 590	1
Bench grinder	Manufacturing	DP 150	1
Guillotine shears GS 360	Manufacturing	DP50	1
Round magnifying lamp ROLLER	Visual control	H51 022	1
Roller tining machine – RTM 220	Finish	DP63	1
Set of products for roller tining machine RTM 220	Finish	E55 101	1
Filter unit FILTRACTEC-F for RTM 220	Finish & Protection	I41 101	1

This LABOTEC is a mini laboratory to realise single sided printed circuits; it includes in-line a single sided exposure unit, an etching machine, a cleaning tank, a filter hood connected to a filter unit for acid vapours, a storage area for products. Compact, this laboratory realises precise circuits in total safety.
