

## Z30

**Waxy film for long term outdoor corrosion protection.**

**Ideal for long term protection of machinery, elevators, forklift trucks, underground installations, offshore platforms etc.**

### Features

- Temperature range -20°C to 110°C
- Heavy duty, waxy film for long term corrosion protection
- Excellent corrosion protection outdoors for up to 2 year
- Good dewatering properties
- Good penetration
- Can provide a light lubricating film in some applications
- Ideal for outdoor corrosion protection of exposed metal parts
- Does not contain silicones or chlorinated solvents

### Directions for Use

- Brush, dip or spray as required
- Ensure a complete and thorough coating for maximum protection
