

RN42N

Status: In Production

Buy it Now

The RN-42-N is form, function, and pin compatible with the RN-42. The primary difference between the RN-42-N and the RN-42 is that it does not have an onboard antenna. This is useful when the application requires an external antenna. The RN-42-N is shorter in length and has RF pads to route the antenna signal. The RN-42-N is perfect for short range, battery powered applications. It uses only 26 uA in sleep mode while still being discoverable and connectable. Multiple user-configurable power modes allow the user to dial in the lowest power profile for a given application. The RN-42-N is the perfect product for engineers adding Bluetooth capability to their product without spending significant time and money developing Bluetooth specific hardware and software.

Parameter Name	Value
----------------	-------

Features

- Fully qualified Class 2 Bluetooth 2.1 + EDR module
- Bluetooth SIG qualified
- UART (SPP or HCI) and USB (HCI only) data connection hardware interfaces
- Onboard embedded Bluetooth stack (no host processor required)
- Supports Bluetooth data link to iPhone/iPad/iPod Touch
- Supports HID profile for making accessories such as keyboards, mouse, pointing dev
- Programmable low power modes
- Secure communications, 128 bit encryption
- Error correction for guaranteed packet delivery
- UART local and over-the-air RF configuration
- Auto-discovery/pairing requires no software configuration (instant cable replacement)
- Castellated SMT pads for easy and reliable PCB mounting

Bluetooth Versions: 2.1 + EDR, 2.0, 1.2, 1.1
Data rate: With onboard stack: 300Kbps: HCI mode: 1.5Mbps sustained, 3 Mbps burst
Frequency Band: 2.412 - 2.484 GHz
Modulation Techniques: FHSS/GFSK modulation, 79 channels at 1MHz intervals
Profiles: SPP, DUN, HID, iAP, HCI, RFCOM, L2CAP, SDP
Supply voltage: 3.3V ± 10%
Output power: +4dBm
Power consumption: Standby/Idle 25 mA : Connected (normal mode) 30 mA: Connected
Operating temperature range: -40C to +85C
Interface: UART, USB, Bluetooth
Antenna: None
Size: 0.74" x 0.52" x 0.07" (19 x 13.4 x 2 mm)
Weight: 0.040 oz
Certifications: Same as RN-42 when using pre-certified designs
