Product Features:

- Patented "Rapid Reverse" system for faster job completion
- Reverses direction with push of a button in the most confined areas
- Patented ratchet feature turns bolt with just 5° handle swing vs. 30°
- Closed end works in places deep sockets will not reach
- Open-end jaw surfaces are parallel to within ±.0015"
- 72 tooth ratcheting mechanism receives special heat treat process
- Tool meets ANSI torque loads for standard combination wrenches
- Mirror finish chrome vanadium steel for maximum strength, durability
- Ratcheting closed end uses 12 points of contact, less stress to fastener
