Retractablespec Eyeshield

Retractablespec is an eyeshield designed for use with the Invincible Mark 3, Mark 2 and Mark 1 industrial safety helmets.

A retro-fit eyeshield that fits directly to a Mark 3, Mark 2 and Mark 1 helmet. It is designed to retract into the helmet, so there is less likelihood of scratching than with conventional eyeshields and so that eye protection is always on-hand to the wearer.

- Retro fit
- Slide fitting
- Soft PVC nose bridge
- No vision impairment when fully retracted
- Easy to assemble
- Available in clear or anti-glare green acetate
- Flatpacked or pre-fitted to the Mark 3, Mark 2 and Mark 1 helmet
- Conforms to EN 166 1.F

Product	Code	Description
Retractablespec	ANF030-200-000	Anti-Glare Green
Retractablespec	ANF080-200-000	Anti-Mist Clear Acetate
Retractablespec	ANF010-200-000	Clear Acetate
