Accessories for containers and carrying cases

Useful accessories, practical additions for customising your BLACKLINE® carrying case.

Case with reinforced lid and lock to protect your valuable products from unauthorised access. Various sizes to order.

Profiled foam insert for wez lid sizes 600x400 and 400x300 mm. Standard quality available from stock: pink ESD. Ask about other materials and sizes.

Pre-perforated antistatic pink foam blocks for customised shaping to your requirements. Max thickness 85 mm. Two sizes for either 600x400 and 400x300 mm containers.

Foam inserts in various sizes and materials. Standard sizes to fit 600x400 and 400x300 mm containers. Standard material is PUR conductive foam, 6 and 15 mm thick. Other sizes and materials on request.

Lid seal to prevent unauthorised opening of swing latches. Ensures 100% product protection.

Case handle 95 for mounting on BLACKLINE® containers. Simply drill 2 10 mm holes, as shown in the instructions, fit mountings from the inside and clip in handle 95—and it's finished!
