Fact Finder on: 119 G-CLAMPS

THE RECORD 119 IS A MEDIUM DUTY, DROP FORGED STEEL G-CLAMP WITH A VERY SLIM FRAME THAT ENABLES IT TO BE USED IN CONFINED SPACES AND ON SMALL WORKPIECES.

Strong and rigid, Drop Forged Steel Frame, with a slim cross section for clamping in confined spaces.

Similar to the 119, and made from the same materials, the C129 Edging Clamp is used for securing edging strips on straight or curved surfaces.
