

TECHNICAL DATA SHEET
COTON-TIGES MOUSSE
Office Supply

3610

1. OUTSTANDING FEATURES

The COTON-TIGES are flexible sticks with a flat extra polyurethane end. They are particularly adapted for the cleaning of the difficult places of access : read/write heads, keys of a keyboard, passage of bands, rollers... The COTON-TIGES are very absorbent and resistant to the majority of solvents.

2. PHYSICAL AND CHEMICAL PROPERTIES

The COTON-TIGES are made of :

- a stem length 150 mm and diameter 3 mm,
- an end length 25 mm, width 13 mm and thickness 5 mm.

3. PACKAGING AND STORAGE

Sachet of 50 sticks. Reference 3610. Store in a dry place and under shelter.
