

List Price \$149.00 USD

Availability **Stock Item: This item is normally stocked in our distribution facility.****Technical Characteristics**

|                             |                                                                                                                 |
|-----------------------------|-----------------------------------------------------------------------------------------------------------------|
| Certifications              | UL Listed (E164862 / NLDX) - CSA Certified (LR43364 3211 04) - IEC Rated (60647-4) - CE Marked - RoHS Compliant |
| Contactor Type              | Non-Reversing                                                                                                   |
| Inductive Amperes (AC3)     | 12A                                                                                                             |
| Resistive Amperes (AC1)     | 25A                                                                                                             |
| Horsepower Rating (1-Phase) | 1HP@115Vac - 2HP@230Vac                                                                                         |
| Horsepower Rating (3-Phase) | 3HP@200/230Vac - 7.5HP@460Vac - 10HP@575Vac                                                                     |
| Marketing Trade Name        | TeSys                                                                                                           |
| Number of Poles             | 3-Pole (3 NO)                                                                                                   |
| Maximum Voltage Rating      | 600 Vac                                                                                                         |
| Mounting Style              | 35mm DIN Rail                                                                                                   |
| Coil Voltage Code           | BD                                                                                                              |
| Coil Consumption Sealed     | 5.4 W                                                                                                           |
| Coil Voltage                | 24Vdc                                                                                                           |
| Coil Consumption Inrush     | 5.4 W                                                                                                           |
| Weight                      | 0.72 lbs (0.325 kg)                                                                                             |
| Power Wire Size             | #10 to #18 AWG                                                                                                  |
| Control Terminal Torque     | 15 lb-in (1.7 Nm)                                                                                               |
| Power Terminal Torque       | 15 lb-in (1.7 Nm)                                                                                               |
| Terminal Type               | Screw Clamp                                                                                                     |
| Control Wire Size           | #10 to #18 AWG                                                                                                  |
| Type                        | TeSys D                                                                                                         |
