

CIRCLIP PLIERS

New circlip pliers Concentrated know-how!

PERFORMANCE AND SAFETY

- Piano wire tips:
 - Resistant to deformation.
 - Reinforced to reduce the risk of breakage.
- Recessed spring: optimum flexibility of use:
 - Protects the spring.
 - Reduces the risk of spring loss or ejection.
- Extended tips, angled at 10 °:
 - Better clip retention
 - Reduces the risk of twisting or dropping circlips.

AVAILABLE
NOVEMBER 2009
IN UK

PRODUCTIVITY

- Colour coded: expansion / compression.
- Increased productivity through quicker identification of the pliers in the tool box.

COMFORT AND ERGONOMICS

- Textured, non-slip PVC grips.
- Reduce the risks of tool slipping or dropping from the hand during use.
- For increased comfort during intensive use.
- Easy to clean.

SLIM PROFILE AND ACCESSIBILITY

- Narrow head and tips for easy access, even where space is tight.
