

UNIBOND NO MORE NAILS

Issue Date: 20-Feb-06

Ref: 10675TD

Identification: A high strength adhesive for fixing most building materials. Water based & non-flammable. Manufactured by Henkel Consumer Adhesives.

Uses/Applications: A high strength adhesive which eliminates the need for nails and screws in many DIY and repair jobs. Safe and easy to use, the solvent free paste forms an instant bond. Fills minor gaps in uneven surfaces.

Limitations/Misuse:

Compliance with standards Henkel Consumer Adhesives is certified by DQS (Certificate Registration number : 003052 QM/UM) as a company operating a Quality Management System to BS EN ISO 9001:2000, BS EN 14001 and OHSAS 18001.

Description:

Composition: Water based filled acrylic polymer.

Physical Properties:

Appearance: Smooth off white paste

Odour: Very slight whilst wet.

Performance:

Fire: Non-flammable

Water: Wet - water will disperse product.

Chemicals: Resistant to petrol, oils, weak alkalis and dilute acids. Not resistant to strong acids and strong organic solvents.

Biological: Contains a non-mercurial preservative and does not support the growth of bacteria or fungi.

Thermal: Serviceable from -10°C to +50°C.

Durability/Reliability:

Compatibility with

other products: Good adhesion to most building surfaces.

Working Characteristics:

Rheology: Easy spread viscous paste.

Working time: Approximately 20 minutes, depending on temperature & relative humidity.

Cure time: Approximately 24 hours, depending on temperature & relative humidity.

Cure type: Water evaporation

Temperature range: Do not apply below 10°C.

Coverage: Approximately 11m using 6mm bead.

Shelf life: At least 1 year in unopened cartridge.

Architect's Specification Clause

The adhesive to be used shall be UniBond No More Nails. It shall be used and applied strictly in accordance with the manufacturer instructions.
