BENEFITS

- Print using a standard office laser printer
- Use a colour laser printer for colour-coded printing
- Replace ident, no need to cut and re-terminate wire
- Choice of 3 lengths; 20mm, 30mm, 50mm

A really easy and fast way of producing wire markers using a standard office laser printer.

With our 2-part labelling system you can make changes in seconds with no need to cut and re-terminate the wire. Simply remove the label from the tubing and pull through a new label.

TIP TIME INTO PROFIT®

Because of this special design it is possible to slide the blank tubing onto the wire prior to termination. The label can then be inserted at any time during or after termination.
