

3M Halogen Free Cables — NEW —

3M™ Halogen Free Cables combine the convenience of mass termination with the advantages of halogen free material. In applications where sensitive electronic equipment is located in enclosed spaces, smoke from an electrical fire can cause problems if the cable insulation is made with compounds that contain halogen. The flame-retardant insulation in this cable series is halogen free; that is the materials contain no more halogen than that which would be found as an acknowledged trace contaminate or background level. In the event of a fire, the halogen free insulation helps to prevent the spread of fire thereby helping to protect people and equipment.

Wiremount Socket

0.100" Pitch Notched Cable or Discrete Wire

One row, side-to-side stackable. Mates to 3M one row pin strip headers. Twin slot IDC provides four points of contact. **Insulation Material:** Glass filled polyester (PBT). **Contact Material:** Copper alloy. **Current Rating:** 22-24 AWG, 2 A; 26-28 AWG, 1.5 A. **Temperature Rating:** -55°C to +105°C.

Flat Cable Cutter

— NEW —

The 3614 flat cable cutter is a handheld tool used to cut low volumes of flat electronic cable. The 3614 cuts cable widths up to 3.5 inches. A spare anvil is shipped with the cutter.

303 Series Low Profile Headers

The 303 series is a family of low profile, low cost, shrouded headers offered in eight popular sizes, straight and right angle, one size tail and wipe area length with all over gold flash plating. The 303 series is used in board-to-board or wire-to-board interconnect connections. 3M 89 wiremount and 929/5100/8500/9100/6800 series boardmount sockets are typical mating connectors. Parts offered below are all straight pin.

0.100" × 0.100" Condo Headers

Right Angle, 3 Wall/3 Wall and 4 Wall/4 Wall

- Stacked Pins Conserve Space on the Circuit Board Allowing Higher Density Packaging
- Pin Quantity to 128 Gives Design Flexibility with Latching
- "HD" Alternative
- Three Wall Fits In VME Board Stacking Criteria
- Accepts Standard IDC Sockets
- Mates with Standard Flat Cable Harnesses

Both short and long latch/ejectors are roll pin. **Insulation Material:** Glass filled polyester (PBT). **Flammability:** UL 94V-0. **Contact Material:** Copper alloy. **Current Rating:** 1 A. **Temperature Rating:** -55°C to +105°C. **Color:** Gray.
