Unbeatable quality, remarkable value

FEEL AT HOME WITH THE
SUPERSWITCH RANGE OF
WIRING ACCESSORIES

CHOICE

The new exciting range of wiring accessories from Superswitch, gives you the freedom to choose from the sleek white plastic Silk range, decorative Flatplate and Screwless, or the robust Metalclad range. With the addition of the Grid range, complete flexibility and choice is yours, with product solutions for all installations.

QUALITY

Designed to meet the demanding requirements of contemporary living or commercial spaces, the Superswitch range offers quality products, with a no-quibble, five year guarantee*. All Superswitch products comply with their relevant British Standards.

VALUE

The Superswitch range offers remarkable value, with exclusively designed products at an affordable price.

Meet the family.....

*Excludes electronic products which carry a two year guarantee.

SILK

The Silk range of white plastic wiring accessories is the perfect choice for modern interiors. The sleek, low profile blends in with any décor, offering an unobtrusive finish to complement contemporary home or commercial interiors.

- Contemporary Styling – low profile curved frontplate with screw covers
- Tough and Scratch Resistant – produced with a high grade thermoset material offering additional durability
- End User Added Safety – double pole switching and dual earth terminals
- Reliability and Quality – no-quibble 5 year guarantee*
- Ease of Installation – clearly marked and colour coded in-line terminals

*Excludes electronic products which carry a two year guarantee

FLATPLATE

The ultra slim 1.5mm frontplates of the decorative Flatplate range make them ideal for use in modern interiors, whilst the 3 available finishes, Brushed Stainless Steel, Polished Chrome and Brushed Brass suit both contemporary and classic schemes. The unique grey inserts and oval neons create a stylish design statement.

- 1.5mm Profile – blends flawlessly into contemporary and classical interior design schemes
- Stylish Design – unique grey inserts and oval neons
- End User Added Safety – double pole switching and dual earth terminals
- Reliability and Quality – no-quibble 5 year guarantee*
- Ease of Installation – clearly marked and colour coded in-line terminals, high density foam gasket assists mounting on uneven walls.

*Excludes electronic products which carry a two year guarantee

GRID

The Grid range is a modular system which complements the superswitch Silk, Flatplate, Screwless and Metalclad ranges. The range of modules includes switches, dimmers, secret key switches, flex outlets, indicator modules and printed modules – giving you a complete offering to suit all installations. The modules are easy to fit and simply click into the grid mounting frame.

- Broad range – frontplates available in Silk, Flatplate, Screwless and Metalclad
- Printed Switches – full range of printed switches available
- Reliability and Quality – no-quibble 5 year guarantee*
- Ease of Installation – modules simply clip into grid mounting frame

*Excludes electronic products which carry a two year guarantee

METALCLAD

Superswitch Metalclad is ideal for domestic and commercial installations. The robust design and tough impact resistant finish make this a superb choice for workshops, garages, industrial environments and public areas. The trend in loft style living, with bare brickwork and surface mounted accessories provides the perfect scheme for Metalclad in a domestic interior.

- Tough and Robust – impact resistant finish
- Complete with mounting box – all products complete with 40mm deep surface mounting box
- End User Added Safety – double pole switching and dual earth terminals
- Reliability and Quality – no-quibble 5 year guarantee
- Ease of Installation – clearly marked and colour coded in-line terminals, mounting box with 20mm knockouts to top, bottom and side
