

USB cable sleeve snap - for bundles up to .179" (4,5mm)

WITH VARIABLE DIAMETER END PORTS. Specifically sized to fit the range of common USB I/O cable diameters; variable diameter end ports allow for different types of cable insulation covers measuring .125" to .179" (3,0 - 4,5mm).

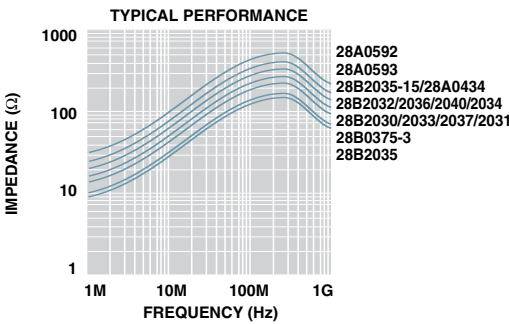

Simple snap-on installation. Available with optional adhesive pad on bottom, and in standard gray (PMS #413) and black colors.

Patent Nos. 5,003,278 and 5,764,125
