

Exciting Software Options and Accessories

Electrical Telecom Mask Test Package

LeCroy's powerful Electrical Test software program instantly transforms your digital oscilloscope into a dedicated mask-testing device, specifically designed for manufacturing, type approval and field testing. (WS-ET-PMT)

ET-PMT

MathSurfer

For engineers who need to add additional math capability, or desire a graphical setup of math and measurements with rescale capability. (WS-MATHSURF)

Advanced Trigger Package

For those desiring more triggering flexibility, you can optionally add Runt, Slew Rate, Qualified Edge, Qualified State, Interval, and Dropout triggers to the standard triggering package. (WS-ADVTRIG)

Ergonomic Mounting Brackets

Frees up valuable bench space. Several options are offered. All are specially designed to provide precise adjustment and stability for the WaveSurfer.

Desk Stand

This freestanding unit can swing, lift, tilt and turn your WaveSurfer for maximum efficiency and ergonomic comfort. The base is heavy with a high friction, non-marring bottom. Includes a WS-MB. (WS-MS-PED)

WS-MS-PED

Telescoping Mount

Clamps to a bench, creating a "zero footprint" oscilloscope. Easily move your WaveSurfer across a work surface with an extension range of 23" (58 cm). Includes a WS-MB. (WS-MS-CLAMP)

WS-MB

WS-MS-CLAMP

Bracket Only

A factory-installed 100 mm square mounting bracket on the back of the WaveSurfer. Choose whichever solution is best for you. (WS-MB)

WS-RMA-25

Rack Mount Kit

Two rack mount ears that bolt onto the side of the WaveSurfer for mounting a WaveSurfer in a standard 19" rack. (WS-RMA25)

PK702

PP007 Probe Accessories

A number of accessory kits are available to use with your PP007-WS. You can purchase kits that include an assortment of grounding leads, microclips, SMD adapters, and other devices.

- PK701-Spare parts kit for standard accessories
- PK702-Advanced adapter kit
- PK703-SMD adapter kit
- PK704-Microclip kit

WS-POUCH

Accessory Pouch

The WaveSurfer accessory pouch allows you to always have your probes, manuals, etc. with you conveniently attached to the back of your WaveSurfer oscilloscope. (WS-POUCH)

WS-SOFT

Soft Carrying Case

Durable, padded soft carrying case with carrying handle and strap. Will hold a WaveSurfer oscilloscope with room for small accessories. Approximate dimensions
15" W x 10.5" D x 10.5" H
(380 mm x 265 mm x 265 mm).
