## Key Features:

- Designed as a heavy duty hand held - manufactured in diecast aluminum for superior strength.
- Ergonomic design for extended handling without fatigue.
- Two part - styled lid construction. Top half includes smooth recessed area for membrane, label or silkscreen.
- Top half powder painted in a silver grey and the bottom half is powder painted in black.
- P.C. board standoffs are cast into both halves of the enclosure - (see [photo tables](#) for details). Mounting screws included.
- The two smaller sizes include an ABS plastic battery compartment installed and gasketed access bottom lid. This battery compartment can hold up to 4 AA 1.5V batteries OR 2 - 9V batteries.
- Gasketed lid with two piece "tongue & groove" construction provides protection against access of oil, dust and water.
- Lid screws are stainless steel.
- Designed to meet IP66.

| Part Number  | Battery Compartment | Units  | Length | Width | Enclosure Depth (With Lid) | Weight       |
|--------------|---------------------|--------|--------|-------|----------------------------|--------------|
| R270-080-000 | Yes                 | Inches | 7.09   | 3.15  | 1.67                       | 1 lb.        |
|              |                     | mm     | 180    | 80    | 42.4                       | 1.1 oz.      |
| R270-100-000 | Yes                 | Inches | 8.66   | 3.94  | 1.67                       | 1 lb.7.1 oz. |
|              |                     | mm     | 220    | 100   | 42.4                       |              |
| R271-100-000 | No                  | Inches | 8.66   | 3.94  | 2.46                       | 1 lb.        |
|              |                     | mm     | 220    | 100   | 62.4                       | 8.3 oz.      |
