regions of the world.

Formatted for Mac, this triple interface, dual-drive storage system offers RAID mirroring for extra data protection or RAID striping for extraordinary capacity and performance.

Product Features

Extraordinary capacity - Massive 1 terabyte to 2 terabyte (2000 GB) storage systems in a nelegant, small footprint design.

Extra data protection - Dedicate half the capacity for mirroring and automatically and instantaneously back up data every time you save it.

Extra-fast performance - The lightning-fast combination of FireWire 800/400 and RAID striping yields the speed you need for fast, smooth video editing, an extra-responsive Photoshop scratch disk, rendering complex 3D objects or special effects, and saving huge blocks of data in record time.

Easy to set up, easy to use - You're up and running in a few simple steps. RAID configuration is easy with WD's intuitive RAID wizard software.

User serviceable - Easy access allows you to open the case and replace a drive. No need to send the entire system in for service.

Triple interface - Provides flexibility and performance with connections for ultra-fast FireWire 800, as well as FireWire 400 and USB 2.0.

EMC Retrospect Express Backup and System Recovery Software - Powerful backup software that includes full system backup and recovery, easy scheduling, and encryption.

Capacity gauge - See at a glance how much space is available on your storage system.

Intelligent drive management features - Automatic power-up, Safe Shutdown™, and LED activity lights make this storage system especially easy to use.

Quiet and cool - An efficient convection cooling system and a thermostatically controlled fan keep this unit reliably cool and remarkably quiet.

Kit Contents

- Dual-drive storage system
- FireWire 800 cable
- FireWire 400 cable
- USB cable
- Power cord and adapter
- Software CD
- Quick Install Guide

Powered by an
ENERGY STAR®
qualified adapter
for a better
environment

Performance Specifications

Data transfer rate ¹	
FireWire 800	800 Mb/s (maximum)
FireWire 400	400 Mb/s (maximum)
USB 2.0	480 Mb/s (maximum)

Product Dimensions

Height	6.87 in (174.61 mm)
Length	6.27 in (159.31 mm)
Width	4.09 in (104.00 mm)
Weight	4.25 lb (1.93 kg)

Environmental Specifications

Operating temperature	5°C to 40°C
Non-operating temperature	-20°C to 65°C
RoHS compliant ²	Yes

Power Specifications

AC input voltage	100–240V
AC input frequency	47–63 Hz

Compatibility³

Macintosh®	Windows®
Available USB or FireWire port	Available USB or FireWire port
Mac® OS X 10.3 or later	Windows 2000/XP/Vista

Packaging Specifications

Box	English	Metric
Retail package size	9.13 in x 11.63 in x 6.75 in	231.9 mm x 295.4 mm x 171.45 mm
Retail package weight	7.2 lb	3.27 kg
Master carton size	13.81 in x 11.94 in x 9.75 in	350.77 mm x 303.28 mm x 247.65 mm
Master carton weight	15.30 lb	6.94 kg
Packages per master carton	2	2
Master cartons per pallet	55	55
Pallet load size	48 in x 40 in x 53.75 in	1219 mm x 1016 mm x 1365 mm
Pallet load weight	892 lb	405.5 kg

¹ A USB 2.0 host and USB 2.0 certified cable are required to obtain Hi-Speed USB performance.

² WD hard drive products manufactured and sold worldwide after June 1, 2006, meet or exceed Restriction of Hazardous Substances (RoHS) compliance requirements as mandated by the European Union for electrical and electronic products. The RoHS Directive 2002/95/EC of the European Parliament, which is effective in the EU beginning July 1, 2006, aims to protect human health and the environment by restricting the use of certain hazardous substances in new equipment, and consists of restrictions on lead, mercury, cadmium, and other substances.

³ Compatibility may vary depending on user's hardware configuration and operating system.

⁴ One gigabyte (GB) = one billion bytes. One terabyte (TB) = one trillion bytes. Total accessible capacity varies depending on operating environment.
