Master Varitemp[®] Heat Guns

Deluxe Varitemp Heat Gun

Varitemp Heat Gun

- Varitemp Heat Guns use a powerful motor driven blower and durable electric heating element to produce a reliable stream of heated air. Power ratings up to 1,000°F /540°C at 1740 watts (120V) with air flow at 23 CFM means jobs get done faster.
- Made in the USA, these heavy duty, industrial quality heat guns offer the handiest, safest way to get fast, variable temperature flameless heat needed for thousands of uses in the factory, laboratory or workshop.
- Two unique Varitemp Heat Gun stand types, along with an exclusive electronic temperature control, enable you to easily find the right operating position and temperature for the most effective results for your application.
- A broad range of optional attachments make the Master Varitemp Heat Gun ideal for a wide variety of heating, shrinking and drying applications.

Varitemp® Heat Guns

Deluxe Varitemp Heat Gun with versatile pivoting stand

Stable, heavy-duty, circular metal stand with non-slip rubber feet. Adjustable handle and spring loaded slide grip gives you multiple pivoting angles for better balance and aim.

Varitemp Heat Gun Features:

- Variable temperature control provides easy dial-in temperature adjustment from ambient to 1000°F/540°C at 1740 watts
- High air flow rating: 23 CFM at 3000 FPM gets the job done fast
- Powerful high speed universal motor
- Sturdy die-cast aluminum housing
- Double protected heating element housing
- Easily replaceable, reinforced, mica-insulated ceramic heating element
- Externally accessible carbon brush holders for quick replacement
- Three position “OFF-COLD-HOT” rocker switch or “Momentary Contact Safety Switch”
- 6 foot, 3-wire grounded cordset made with flexible, oil and sunlight resistant rubber jacket
- UL and CUL Listed. Made in USA
- Use to shrink tubing and packaging, bend plastics, cure adhesives, dry and heat parts, strip paint, defrost frozen pipes, heat sensitive materials, solder/desolder and more
