

COMPRESSION TYPE CONNECTORS

Compression RCA (M) Connectors

RCA male connectors for Home Theatre, Digital Audio and Car Stereo applications. They work with the Philmore No.63-508 or 63-510 tool. The compression connector is a tough weather-tite connection that is easy for the consumer or installer to use. They are color coded for easy identification.

Part Number

45-1359RD RCA (M) for RG59, Red Insulator
45-1359YL RCA (M) for RG59, Yellow Insulator
45-1359WH RCA (M) for RG59, White Insulator
45-1306RD RCA (M) for RG6, Red Insulator
45-1306YL RCA (M) for RG6, Yellow Insulator
45-1306WH RCA (M) for RG6, White Insulator
45-1364RD RCA (M) for RG6 Quad, Red Insulator
45-1364YL RCA (M) for RG6 Quad, Yellow insulator
45-1364WH RCA (M) for RG6 Quad, White Insulator

Rt. Angle Compression RCA (M) Connectors

These RCA male connectors are great for Home Theatre, Digital Audio and Car Stereo applications. They work with the Philmore No.63-508 or 63-510 tool. The compression connector is a tough weather-tite connection that is easy for the consumer or installer to use. They are color coded for easy identification.

Part Number

45-3507RD Rt. Angle RCA (M) for RG59, Red Insulator
45-3507YL Rt. Angle RCA (M) for RG59, Yellow Insulator
45-3507WH Rt. Angle RCA (M) for RG59, White Insulator
45-3607RD Rt. Angle RCA (M) for RG6, Red Insulator
45-3607YL Rt. Angle RCA (M) for RG6, Yellow Insulator
45-3607WH Rt. Angle RCA (M) for RG6, White Insulator

Compression In-line RCA (F) Connector

These RCA female connectors are great for Home Theatre, Digital Audio and Car Stereo applications. They work with the Philmore No.63-508 or 63-510 tool. The compression connector is a tough weather-tite connection that is easy for the consumer or installer to use. They are color coded for easy identification.

Part Number

45-2107RD RCA (F) for RG59, Red Insulator
45-2107YL RCA (F) for RG59, Yellow Insulator
45-2107WH RCA (F) for RG59, White Insulator
45-2607RD RCA (F) for RG6, Red Insulator
45-2607YL RCA (F) for RG6, Yellow Insulator
45-2607WH RCA (F) for RG6, White Insulator

COMPRESSION "F" (M) CONNECTOR

These commercial grade snap-and-seal connectors are great for Cable Companies, Commercial Broadcast Networks, as well as Residential application where a high-reliability connector is needed. They are constructed of Tin Plated Brass and are fully weather sealed.

No. FC359 - RG59 Coaxial Cable (4 pack)

No. FC306 - RG6 Coaxial Cable (4 pack)

No. FC346 - RG6 Quad Shield Cable (4 pack)

Compression BNC (M) Connector

These BNC male connectors are great for Home Theater, and commercial video applications. They work with the Philmore No.63-508 or 63-510 tool. The compression connector is a tough weather-tite connection that is easy for the consumer or installer to use.

45-980 BNC (M) for RG59
45-979 BNC (M) for RG58
45-992 BNC (M) for RG6
45-994 BNC (M) for RG6 Quad

Rt. Angle Compression BNC (M) Connector

These BNC male connectors are great for Home Theater, and commercial video applications. They work with the Philmore No.63-508 or 63-510 tool. The compression connector is a tough weather-tite connection that is easy for the consumer or installer to use.

45-3959 Rt. Angle BNC (M) for RG59
45-3906 Rt. Angle BNC (M) for RG6

Compression BNC (F)

These BNC male connectors are great for Home Theater, and commercial video applications. They work with the Philmore No.63-508 or 63-510 tool. The compression connector is a tough weather-tite connection that is easy for the consumer or installer to use.

45-2944 BNC (F) RG59
45-2945 BNC (F) RG6

Rt. Angle Compression "F" (M)

These "F" male connectors are great for Home Theater, Digital Audio and Car Stereo applications. They work with the Philmore No.63-508 or 63-510 tool. The compression connector is a tough weather-tite connection that is easy for the consumer or installer to use.

45-5759 "F" male RG59
45-5706 "F" male RG6

Compression In-line "F"(F)

These "F" female connectors are great for Home Theater, Digital Audio and Car Stereo applications. They work with the Philmore No.63-508 or 63-510 tool. The compression connector is a tough weather-tite connection that is easy for the consumer or installer to use.

45-6759 "F" (F) for RG59
45-6706 "F" (F) for RG6
45-6764 "F" (F) for RG6 Quad
