3M Linishing Belts

3M 577F

The premium linishing belt against which all others are measured. 577F features an aluminium-zirconia mineral and incorporates a grinding aid which allows the belts to run cooler. Ideal for use on stainless steel and other tough metals.

PRODUCT AVAILABILITY: Grades P36-P120

3M 241A/241D

A general purpose utility product suitable for use on all materials.

PRODUCT AVAILABILITY: Grades P40-P320

3M 303D

A flexible, general purpose product suitable for use on all materials. Use where a flexible abrasive is needed to conform to curved or compound shapes.

PRODUCT AVAILABILITY: Grades P80-P400

3M 237AA

3M's structured abrasives for metal polishing operations. 237AA is coated on an X weight backing and is especially suitable for finishing knives and builders hardware.

PRODUCT AVAILABILITY: Grades A160-A6
(P120-P2500)

All 3M linishing belts are made to your size and grade requirements.

3M Abrasive Discs

3M Flexible Grinding Discs (WA)

Thin, bonded, reinforced grinding discs suitable for use on all metals. Ideal for weld grinding and rapid stock removal.

PRODUCT AVAILABILITY: Sizes: 100mm x 16mm, 115mm x 22mm,
125mm x 22mm, 180mm x 22mm
Grade: 46

3M 785C Regalite™ Fibre Discs

Specifically developed for grinding and blending stainless steel. A mixture of Cubitron™ and aluminium oxide mineral combined with a grinding aid, grinds quickly without the heat build up of regular discs.

PRODUCT AVAILABILITY: Sizes: 100mm x 16mm, 115mm x 22mm,
125mm x 22mm, 178mm x 22mm
Grades: P36, P50, P60, P80, P100, P120

3M 959 Fibre Discs

A general purpose grinding disc for weld and stock removal, grinding and blending. Can be used on all metals, fibreglass, plastics and other surfaces.

PRODUCT AVAILABILITY: Sizes: 100mm x 16mm, 115mm x 22mm,
125mm x 22mm, 180mm x 22mm
Grades: P24, P36, P50, P60, P80, P100, P120

3M Flap Discs

The 3M abrasive flap disc provides a consistent rate of cut for a superior finish and it provides long life performance that improves quality and lowers cost.

PRODUCT AVAILABILITY: Sizes: 100mm x 16mm, 115mm x 22mm,
125mm x 22mm, 178mm x 22mm
Grades: P36, P60, P80, P120
Types: Type 27 (flat) and Type 29 (bevelled)

3M Roloc™ Discs

3M Roloc Discs provide a fast, efficient method for deburring, finishing, blending, sanding and grinding on all types of metal. They lock securely in place with just a half twist. Each disc has a colour code by grade, attachment button.

24 36 40 50 60 80 100 120 150

3M Roloc™ Discs

3M Roloc™ 777F Regalite™ Abrasive Discs

Incorporate Cubitron™ mineral and grinding aid for quick cutting and cool running. Ideal for stainless steel.

PRODUCT AVAILABILITY: Sizes: 50mm, 76mm
Grades: P36-P180

3M Roloc™ 361F General Purpose Discs

Grind, blend and deburr all metals.

PRODUCT AVAILABILITY: Size: 76mm
Grades: P24-P150

3M Roloc™ Surface Conditioning Discs

Provides a burr free decorative finish. Removes grind marks, rust and coatings from most metals.

PRODUCT AVAILABILITY: Sizes: 50mm, 76mm
Grades: Purple - Coarse, Medium, V. Fine
Black Coating Removal Discs,
Purple Coating Removal Discs

3M Roloc™ Trizact™ Abrasive Discs

Blending and polishing all metals, especially good on stainless steel.

PRODUCT AVAILABILITY: Sizes: 76mm
Grades: A160 (P120) - A6 (P2500)

3M Roloc™ Bristle Discs

Abrasive impregnated bristle discs are ideal for cleaning and removing a wide variety of substances from surfaces. Especially useful in removing soft sticky substances where clogging would be a problem or on surfaces where extra conformability is required eg. around rivet heads.

PRODUCT AVAILABILITY: Sizes: 25mm, 50mm, 76mm
Grades: 50 green, 80 yellow, 120 white

3M Roloc™ Backup Pads

Backup pads for use with Roloc Abrasive, Surface Conditioning, Coating Removal (CRD) and Bristle discs.

PRODUCT AVAILABILITY: Sizes: 50mm, 76mm
5539 - 50mm with 1/4 in shaft + 7/16 in adaptor
5540 - 76mm with 1/4 in shaft + 7/16 in adaptor
84998 - 76mm with M14 x 2.0 internal
85000 - 76mm with M10 x 1.5 internal

3M Stikit™ and Hookit™ Discs

High performance abrasive discs for stock removal and finishing of wood, metal, plastic, fibreglass and other materials. Available in either Stikit™ or Hookit™ form for easy attachment to power tools.

3M Stikit™ Discs

Self Adhesive abrasive discs for easy attachment to backup pads.

3M Hookit™ Discs - Dust Free

Abrasive discs with hook and loop, for easy attachment to backup pads.

Stikit™ and Hookit™ Discs need to be used with an appropriate backup pad.

Stikit™ backup pad

Hookit™ backup pad

Available Products:

3M 245

- Green, heavy duty, E weight aluminium oxide abrasive paper for stock removal on wood, metal, paints and fillers.

3M 255F

- Gold aluminium oxide disc coated on a strong, tear resistant plastic film backing. With Fre-cut™ coating to reduce clogging. Use for fine finishing.

3M 255P

- Gold High Performance C weight aluminium oxide abrasive paper with Fre-cut™ coating to reduce loading. Use for fine finishing on all materials.

3M 260L

- Finishing Film Discs. White aluminium oxide abrasive coated on a high strength film backing, with Fre-cut™ coating to reduce clogging. Generates an unsurpassed finish on all paints and varnishes.

3M Sheets and Rolls

3M 236U & 216U Fre-cut™ Paper Sheets

- Open coat, aluminium oxide mineral bonded to C weight (236U) or A weight (216U) paper
- Colourless Fre-cut™ to prevent loading, non-staining
- Ideal for hand or machine sanding of wood, metal, fibreglass, paints and coatings

PRODUCT AVAILABILITY:	Sheet size	230mm x 280mm
	Grades	236U: P80 - P400
		216U: P600, P800

3M 734 & 401Q Wetordry™ Paper

- Closed coat silicon carbide mineral bonded to A or C weight paper
- Waterproof, can be washed or used with lubricant to prevent clogging and extend life
- Ideal for fine sanding of all coatings

PRODUCT AVAILABILITY:	Sheet size	734:	230mm x 280mm
		401Q:	230mm x 140mm
	Grades	734:	P80 - P1200
		401Q:	P1500, P2000

3M Paper Rolls

- Open coat, aluminium oxide mineral bonded to a tough E weight paper
- For hand or machine sanding of bare wood, plastics, metals, fillers or fibreglass

PRODUCT AVAILABILITY:	Roll sizes:	70mm x 50m, 115mm x 50m, 150mm x 50m, 115mm x 10m, 150mm x 10m,
	Grades	P40 - P220

3M Utility Cloth Rolls

- Abrasive cloth rolls for general applications such as deburring, rust removal and all general maintenance work

PRODUCT AVAILABILITY:	Size	40mm x 45.7m rolls
	Grades	P40 - P320

Other Abrasive Products

3M Abrasive Flap Wheels

3M Abrasive Flap Wheels are ideal for light stock removal, setting grain lines, blending grindlines and removing milling marks.

Manufactured with wooden hub for easy attachment to tapered spindles.

PRODUCT AVAILABILITY: Sizes: 100mm x 25mm, 100mm x 50mm,
165mm x 25mm, 165mm x 50mm
Grades: 60, 80, 120

Other sizes and grades available on request.

Abrasive Flap Wheels can be manufactured from standard resin bond cloth or from Trizact™ material for fine polishing and finishing.

3M Abrasive Cartridge Rolls

3M Abrasive Cartridge Rolls are used for light deburring, weld removal and any sanding or grinding operation in hard to get at places on the workpiece.

PRODUCT AVAILABILITY: Sizes: 9mm x 37mm P, 12mm x 37mm P,
12mm x 37mm T, 18mm x 50mm P
Grades: P60, P80, P150

P = Parallel
T = Tapered

Cartridge Rolls can be manufactured from standard abrasive cloth or from Trizact™ material for fine polishing and finishing.

3M Evenrun™ Bands

3M Evenrun™ bands can be used for all small sanding and grinding operations on most surfaces.

PRODUCT AVAILABILITY: Sizes: 13mm x 25mm, 15mm x 30mm, 22mm x 20mm,
25mm x 25mm, 30mm x 20mm, 30mm x 30mm,
37mm x 25mm, 45mm x 30mm, 51mm x 25mm,
60mm x 30mm, 100mm x 40mm
Grades: P60, P80, P150

3M Evenrun™ bands can be manufactured from standard abrasive cloth or from Trizact™ material for fine polishing and finishing. 3M Evenrun™ bands must be used with the appropriate sized mandrel.

3M Scotch-Brite™ Surface Conditioning Products

When surfaces need to be cleaned, scuffed, deburred or finished, Scotch-Brite™ surface conditioning products outperform steel wool, wire wheels, scrapers, rubber bonded wheels and conventional abrasives.

Synthetic fibres and abrasive particles are combined and bonded to form a 3-dimensional open web material. Scotch-Brite™ products run cool and quietly. There is no danger from flying wires and nothing to initiate corrosion.

Scotch-Brite™ Hand Pads and Rolls

Excellent products for hand finishing and cleaning of metals, composites and woods. Ideal for general cleaning, paint preparation and metal finishing.

PRODUCT AVAILABILITY:

<u>Hand Pads</u>	Product	Colour	Size	
	7440	Tan	230mm x 150mm	
	7446	Charcoal	230mm x 150mm	
	7447	Maroon	230mm x 150mm	
	7448	Grey	230mm x 150mm	
	7445	White	230mm x 150mm	
	96	Aqua/Green	200mm x 150mm	
	86	Dark Green	200mm x 150mm	
	FI	Green	200mm x 150mm	

<u>Rolls</u>	Product	Colour	Size
	7440 (Cut & Polish)	Tan	100mm x 9.14m
	7447	Maroon	115mm x 10.5m 150mm x 12m
	7448	Grey	115mm x 10.5m 150mm x 12m
	96	Green	150mm x 10m
	86	Dark Green	150mm x 10m
	FI	Green	150mm x 10m

MultiFlex Sheet Rolls

Highly conformable Scotch-Brite web perforated on a roll. Excellent sharpness and conformability.

PRODUCT AVAILABILITY:

7521	Maroon	200mm x 100mm sheets (60sheets/roll)
7522	Grey	200mm x 100mm sheets (60sheets/roll)

3M Clean & Strip Products

Tough, open web products for removing rust, weld discolouration, paints and coatings. Products are available in both Purple and Black. Purple products are stronger and tougher for extra wear, while Black products are softer and more conformable.

Clean & Strip Discs - Purple & Black

Use on straight shaft or bench mounted grinders.
Also available with fibre washer hubs for tapered spindles.

PRODUCT AVAILABILITY:

Sizes (Diameter): 100mm, 150mm, 178mm, 200mm
Sizes (Centre hole): 16mm, 22mm

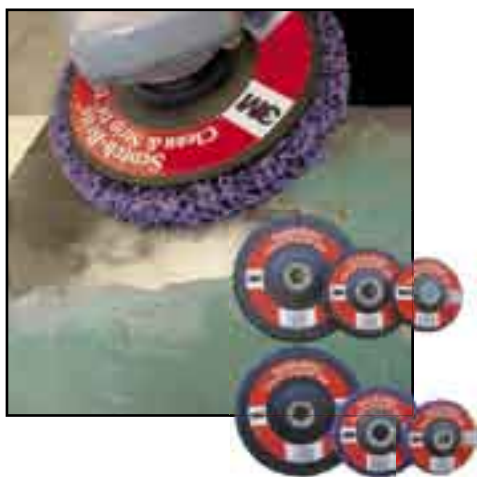

Coating Removal Discs - Black

Hook and loop attachment for use on angle grinders and sander/polishers.

PRODUCT AVAILABILITY:

Sizes (Diameter):	76mm	100mm	125mm	178mm
Back-up Pads:	Roloc	914	915	917

Clean & Strip DC Discs - Purple & Black

For direct attachment to angle grinders.

PRODUCT AVAILABILITY: Sizes (Diameter x Centre hole)

100mm x 16mm, 115mm x 22mm,
125mm x 22mm, 178mm x 22mm

Clean & Strip Flap Wheels - Purple & Black

Use on straight shaft or bench mounted grinders.

PRODUCT AVAILABILITY: Sizes (Diameter x Width x Centre hole)

150mm x 25mm x 25mm
150mm x 50mm x 25mm

Scotch-Brite™ Bristle Products

Scotch-Brite™ Bristle products are unique abrasives made with tough resin bristles that contain abrasive mineral to give consistent finish and cut throughout their life. Ideal for cleaning and polishing. Bristle products are very flexible to penetrate and conform to irregular surfaces. They contain no wire elements to cause injuries or initiate corrosion.

3M Radial Bristle Discs - Small

Small bristle discs for use on a die grinder for polishing and cleaning jewellery, dies and small intricate parts.

PRODUCT AVAILABILITY: Sizes (Diameter): 14mm, 19mm, 25mm
Grades: 36, 50, 80, 120, 220, 400,
Pumice, 6 micron, 1 micron

3M Radial Bristle Discs - Intermediate sizes

Bristle discs for cleaning and polishing intricate parts. Can be used on a bench grinder as well as in a die grinder.

PRODUCT AVAILABILITY: Sizes (Diameter): 50mm, 76mm
Grades: 80, 120, 220, 400,
Pumice, 6 micron, 1 micron

Radial Bristle Discs - Large

For use on a bench grinder or straight shaft grinder.
For heavier and bigger jobs, both cleaning and polishing.

PRODUCT AVAILABILITY: Sizes (Diameter): 150mm, 200mm
Grades: 36, 50, 80, 120, 220, 400,
6 micron, 1 micron

Bristle Discs (Angle Grinder)

Remove paint, stains, rust, adhesives, weld burn from large areas quickly and easily with light operator pressure.

PRODUCT AVAILABILITY: Sizes (Diameter): 115mm
Grades: 36, 50, 80, 120

3M Surface Conditioning Discs

3M Surface Conditioning Discs

Scotch-Brite™ Surface Conditioning discs are best for finishing, cleaning and light deburring on flat metal surfaces. The discs attach and remove easily from 3M Hook & Loop back-up pads and can be used on angle grinders, random orbital sanders and rotary sanders.

PRODUCT AVAILABILITY:

Sizes (Diameter)	76mm Roloc, 100mm, 125mm, 150mm, 178mm and 200mm
Grades	V. Coarse - Purple Coarse - Brown Medium - Maroon V. Fine - Blue

Scotch-Brite™ Surface Conditioning Flap Discs

More aggressive, than standard surface conditioning discs. For direct attachment to grinders and sanders.

PRODUCT AVAILABILITY:

Sizes (Diameter)	100mm, 115mm, 125mm, 180mm
Grades	Coarse - Brown Medium - Maroon V. Fine - Blue

3M Hook & Loop Back-up Pads

For use with Scotch-Brite™ Surface Conditioning discs and Coating Removal discs.

PRODUCT AVAILABILITY:

914	100mm	M14x2.0 internal thread
915	125mm	M14x2.0 internal thread
917	178mm	M14x2.0 internal thread
918	200mm	5/8" internal thread

Scotch-Brite™ Wheel Products

Scotch-Brite™ HP Wheels

A general purpose product that can be used for cleaning, polishing and deburring cleanly and safely on virtually any surface. HP Wheels are made with fibre washer hubs for direct attachment to tapered spindle tools. Use the hard 7,8 density wheels on bench motors and the soft 4 density on hand held tools.

PRODUCT AVAILABILITY:

Sizes (Dia x Width)	100mm x 50mm, 150mm x 50mm, 200mm x 50mm
Grades	Fine, Medium, Coarse
Density	4 (soft) 7, 8 (harder)

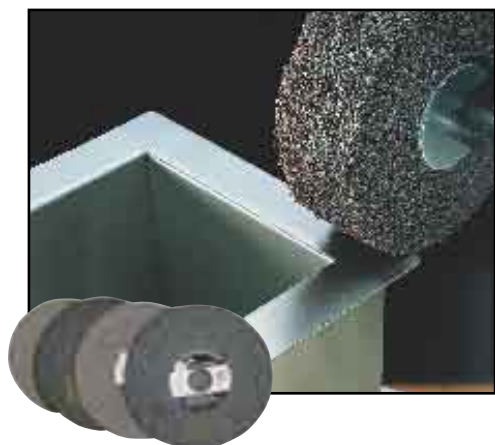

Scotch-Brite™ Flexi Wheels

General purpose, very flexible wheels made from discs of High Strength Scotch-Brite™ material held together with a fibre washer hub for light cleaning, deburring and finishing. Spins onto tapered spindle tools.

PRODUCT AVAILABILITY:

Sizes (Dia x Width)	150mm x 50mm, 200mm x 50mm
Grades	Medium, Coarse

Scotch-Brite™ Wheel Products

Scotch-Brite™ Multi-Finishing Wheels

Multi-finishing wheels are designed specifically for applying a satin finish to stainless steel.

PRODUCT AVAILABILITY:

Sizes 150mm x 25mm x 25mm,
150mm x 50mm x 25mm

Grades Fine, Medium, Coarse

Scotch-Brite™ Deburring Wheels

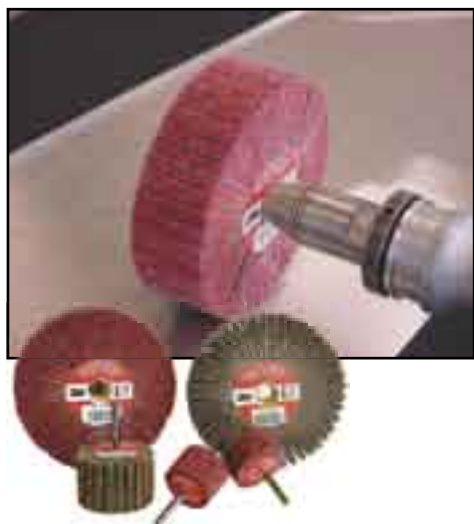

Scotch-Brite™ Deburring Wheels are tough, abrasive impregnated wheels designed to provide a clean and controlled system for deburring, polishing and edge radiusing.

PRODUCT AVAILABILITY:

Light Deburring Wheels (Softest wheel with brightest finish) 7S Fine 150mm x 25mm x 25mm

SST Deburring Wheel 8S Fine 150mm x 25mm x 25mm

EXL Deburring Wheel (Hardest, longest lasting wheel) 9S Fine 150mm x 25mm x 25mm

Scotch-Brite™ Combi Wheels

Flaps of alternating Scotch-Brite™ material and abrasive cloth fixed to a wooden hub for tapered spindle tools, or fixed to a 6mm shaft for use in drills and die grinders. Combi wheels blend, finish and remove light scratches from most metals.

PRODUCT AVAILABILITY:

Sizes (Dia x Width) 40mm x 25mm, 50mm x 25mm,
100mm x 25mm, 150mm x 25mm,
50mm x 40mm, 60mm x 40mm,
100mm x 50mm, 150mm x 50mm,

Grades High Strength or Heavy Duty (cut & polish)

Scotch-Brite™ Flap Wheels

Flaps of Scotch-Brite™ material fixed to a wooden hub or a 6mm shaft. Use Scotch-Brite™ Flap wheels for light cleaning and providing a smooth uniform satin finish.

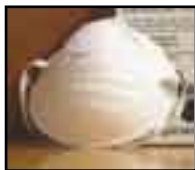

PRODUCT AVAILABILITY:

Sizes (Dia x Width) 100mm x 50mm, 150mm x 50mm,
60mm x 40mm

Grades High Strength or Heavy Duty (cut & polish)

3M Respiratory Protection

Respirators - Provide protection when generating dusts and mists from sanding, sweeping, sawing, drilling, grinding and other dusty operations. Products are approved to AS/NZS1716 standard.

3M 8000 Particle Respirator (P1)

- Economical utility respirator
- For light duty or short duration use
- 2-strap, single point attachment design

3M 8710 Dust/Mist Respirator (P1)

- Lightweight, easy to use
- Adjustable nose clip
- Low profile for better visibility

3M 8812 Valved Dust/Mist Respirator (P1)

- Contains exhalation valve for easy breathing and increased comfort
- Fits wide variety of face shapes

3M 9312 Valved Dust/Mist Respirator (P1)

- 3 Panel foldable design
- Individually packaged
- Contains exhalation valve for easy breathing and increased comfort
- Foam nose bridge absorbs sweat and enhances face seal

3M 9913 Dust/Mist Respirator (GP1)

- Suitable for use against nuisance level organic vapour
- Low profile for better visibility
- Adjustable nose clip

3M Welding Respirators

Low profile, allowing respirators to be worn under welding shields and exhalation valve for cooler, dryer comfort, plus flame retardant for added safety.

3M 8512 Welding Dust/Mist/Fume (P2)

- Fully adjustable straps
- Use when welding, brazing, torch cutting

3M 8514 Deluxe Welding Dust/Mist/Fume (P2)

- Fully adjustable straps
- Use for metal fumes from welding, cutting, brazing
- Ozone protection, organic vapour relief

3M 8515 Particulate Welding Dust/Mist/Fume (P2)

- Comfortable protection
- Use when welding, brazing, torch cutting

3M Respiratory Protection

3M 6000 Series Half and Full Face Respirators

- Use with 3M bayonet-style filters
- Reusable
- Available in 3 sizes
- Use with 2097 Dust/Mist/Ozone (GP2) filter

3M 7000 Series Half and Full Face Respirators

- Soft silicone rubber
- Replaceable parts
- Uses 2000 series filters

3M Dustmaster DM6

- Utilizes conventional lightweight welding shield
- Liftup shield accepts standard 110mm x 50mm filters
- Head top is attached to filter unit with flexible hose
- Powered by rechargeable 8hr battery which supplies clean air to the user's head top

**For further advice on powered air and supplied air options,
call our Tech Assist Line 0800 3M HELP (0800 36 4357)**

3M Hearing Protection

3M Earplugs - Lightweight and convenient. They are comfortable to wear over an extended period of time.

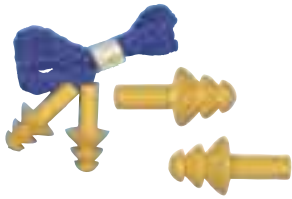

3M 1100 and 1110 (corded) Disposable Earplugs

- Class rating 3, up to 100dB for 8 hour exposure

3M 1120 and 1130 (corded) Disposable Soft Earplugs

- Class rating 4, up to 105dB for 8 hour exposure
- Unique design, extra comfort

3M 1260 and 1270 (corded) Reusable Earplugs

- Class rating 3, up to 100dB for 8 hour exposure
- Washable

3M Earmuffs

3M 1425 Earmuff

- Utility earmuff
- Class 5

3M 1430 Earmuff

- Utility earmuff
- Class 4

3M 1435 Earmuff

- General Purpose earmuff
- Class 5

3M 1440 Earmuff

- Premium earmuff
- Class 5

3M Eye Protection

3M Goggles and Eyewear

Protect against chemical spills and flying objects.

3M 2700 Utility Glasses

- For short term use
- Can be worn over prescription glasses

3M 2790 Multi Purpose Goggles

3M 2790AS Chemical Splash Goggles

- Polycarbonate (2790) / Acetate (2790AS) lens
- Soft vinyl frame to ensure good fit
- Sealed design helps provide protection against liquids, gases and vapours.

3M Protective Eyewear

- Wraparound design
- Polycarbonate lens
- Lightweight, stylish

3M 2720 Classic Eyewear

3M 2740 Comfort Eyewear

3M 2730 Premium Eyewear

3M Adhesive Tapes

Scotch™ 233 Premium Masking Tape

- Provides superior paintline
- Removes quickly and easily
- Prevents seepage and paint bleed through
- Works with most paint applications

PRODUCT AVAILABILITY: 55m long rolls x
15, 18, 24, 36, 48 & 72mm wide

Scotch™ 2090 Long Mask Masking Tape

- Blue tape
- Special adhesive prevents adhesive transfer for up to seven days
- Conformable crepe paper backing

PRODUCT AVAILABILITY: 55m long rolls x
19, 25 & 38mm wide

Highland™ 2308 Masking Tape

- Utility masking tape
- Suitable for holding, bundling, sealing, non-critical masking
- Use for those jobs where a pressure sensitive adhesive tape is used

PRODUCT AVAILABILITY: 55m long rolls x
18, 24 & 48mm wide

Scotch™ 370 Box Sealing Tape

- Adheres to most surfaces
- Ideal for carton sealing
- Strong, dependable

PRODUCT AVAILABILITY: 55m and 100m long rolls x
25, 36 & 48mm wide
(All sizes both Clear and Tan)

3M Vinyl Tapes

The durability and abrasion resistance of the 0.1mm thick “colour throughout” vinyl backing make these tapes ideal for fine line masking, colour coding and identification, hazard identification and indoor lane marking in light/medium traffic areas.

3M 471 Vinyl Tape

- Colour will not rub off
- Soft and conformable
- Waterproof

3M 5702 Safety Tape

- Yellow/Black

3M Electrical Tape 1710

- General purpose electrical tape

3M Foil Tapes

Aluminium Foil Tape. Suitable for single coated tape applications requiring thermal conductivity, heat and flame protection and resistance to chemicals, heat and weather.

3M 425 Aluminium Foil Tape

- Highly conformable
- High strength
- High temperature resistance

3M Adhesive Tapes

3M Protective Tapes

3M has a protective tape to help guard your product from scratching, marring, chipping. Products are available for a multitude of applications that can prevent damage from production assembly and transportation. Tapes that can be laser cut are also available.

3M Slick Surface Tapes

Tapes that provide a low coefficient of friction and withstand high temperatures, to prevent sticking and protect against wear.

3M 5480 PTFE Film Tape

- Conformable
- Low friction coefficient
- Solvent resistant

3M 5451 PTFE Glass Cloth Tape

- High temperature resistance

3M 5421 UHMW-PE Tape

- Long wear life

PRODUCT AVAILABILITY:

5480 Tape: 25mm x 33m, 50mm x 33m rolls

5451 Tape: 50mm x 33m rolls

5421 Tape: 25mm x 16.5m, 50mm x 16.5m rolls

3M Adhesives/Fastening Systems

Structural Adhesives - The elegant alternative to mechanical fasteners such as nuts, bolts, welds, screws.

3M Scotch-Weld™ Duo Pak Cartridges

3M DP190 Epoxy Adhesive

- Flexible epoxy
- Long work life
- 8 - 12 hours handling strength
- Bonds many metals, plastics and many other dissimilar materials

3M DP125 Epoxy Adhesive

- Medium work life
- Good peel strength

3M DP810 Acrylic Adhesive

- Fully cured in 6 hours
- Bonds many metals and plastics

3M Adhesives/Fastening Systems

3M Aerosol Adhesives

Convenient adhesives, instantly available in an aerosol can. The controlled spray pattern minimises overspray, waste and clean up.

- 74 FoamFast Adhesive
- 75 Repositionable Adhesive
- 76 High Tack Adhesive
- 77 General Purpose Adhesive
- 78 Polystyrene Insulation Adhesive
- 90 Hi-Strength Adhesive

3M Double Sided Bonding Tapes

Tapes for joining, bonding and splicing where gap filling between the surfaces is not required.

3M 9609 General Purpose Double Coated Tape

- Transparent
- Adheres to a variety of surfaces
- Film core
- Potential for one-piece removal

3M 9786 General Purpose Double Coated Tape

- Economical general purpose tape
- Tissue core
- Good adhesion to a wide variety of surfaces

3M 9485 Adhesive Transfer Tape

- Adhesive only - no core
- High temperature and solvent resistance
- Bonds most surfaces

3M VHB Tape

Double sided acrylic adhesive foam tapes, providing excellent long term durability and holding power.

- No holes to drill, no riveting, no weld distortion
- Invisible, eliminates unsightly nuts, bolts & rivets
- Meets wide range of holding requirements involving metals, glass, wood composites and many plastics
- Fast, clean, simple to apply. No mess

3M 4622 VHB Tape	General Purpose
3M 4950 VHB Tape	High Performance
3M 4945 VHB Tape	High Performance, Plasticiser resistant
3M 4941 VHB Tape	Conformable, Plasticiser resistant

3M Dual Lock™ Reclosable Fasteners

Dual Lock™ fasteners can replace conventional fasteners such as screws, clips, rivets, hook and loop and bolts in many applications where frequent access or repositioning is required. Supplied with adhesive backing for fast fixing on many substrates.

3M Dual Lock™ SJ 3541/2	General Purpose
3M Dual Lock™ SJ 3560	High Performance

Miscellaneous Products

3M Stainless Steel Cleaner and Polish

Ideally suited for stainless steel, chrome, laminated plastics and aluminium surfaces. With a high gloss formula, it wipes clean with no streaks or build up, resists fingerprints and masks blemishes.

PRODUCT AVAILABILITY: 600g aerosol can

3M Troubleshooter

Heavy duty foaming cleaner for easy removal of soil, grease and dirt. Thick foam clings to vertical surfaces. Wash off with water.

PRODUCT AVAILABILITY: 600g aerosol can

3M Citrus Base Cleaner

A citrus base cleaner used to remove adhesive overspray, tape residue, grease, oil, grime, tar and wax. Use in place of solvents like acetone and MEK.

PRODUCT AVAILABILITY: 525g aerosol can

3M High Performance Welding Drape

A soft, lightweight, conformable blanket designed to protect items from extreme heat, sparks and spatter from MIG/TIG or acetylene welding.

3M Sorbents

High capacity, easy to use solutions for cleaning up spills, drips and fluid leaks. Sorbents are available for:

- General Maintenance
- Petroleum Products
- Chemical Products

Other Products

Other products available in the 3M range:

3M High Performance Cloths

3M Nexcare™ Sticking Plasters

3M Nomad™ Floor Matting

3M Plastic Filler

3M Safety-Walk™ Anti-slip tapes and mats

3M Scotchgard™ Fabric Protector

3M Post-it™ Notes

3M Vetrap™ Finger Bandages

3M Polishes, Glazes and Buffs

3M Bumpons™

3M PaintBuster™ Hand Cleaner

3M Tack Pads

3M Masking Paper and Film
