Gearless Ratcheting Screwdrivers

1011629

1011630

1011631

All feature a gearless ratcheting mechanism. Fewer moving parts & the absence of teeth results in a stronger mechanism & eliminates slipping. Each screwdriver comes complete with the following 6 bits in a holder: Slotted 4, 6.5mm, Pozidriv #1& 2, Phillips #1 & 2.
