

Fatmax Bladearmour

Extra wide 1¼ inch blade for easier reading and 11 feet of stand-out, constructed with a 3m industrial thermo-plastic coating for maximum durability and reduced breakage.

Impact blade is mylar coated for long life and features a 3 rivet corrosion resistant end hook, which gives true zero reading and accurate inside and outside measurement. The end hook is also multi-functional allowing grip on side, top and bottom.

Conforms to class II accuracy.
