

TV7402

Super Mini Dome Camera 160° Lens

The Eyseo super mini dome camera is an inconspicuous surveillance camera. At 4 x 4.6 cm in size, it provides maximum technology in a minimum of space. When being mounted on the ceiling, you get a wider field of view.

The super mini dome camera is equipped with a 1/4" Super HAD CCD from Sony. With 480 TV lines, the colour images of this dome camera are of excellent quality.

The integrated miniature objective lens has a focal length of 1.22 mm and the horizontal field of view is 160°. You can manually set the horizontal and vertical position of the camera module. The Eyseo super mini dome camera has functions such as ELC (Electric Light Compensation), BLC (Back Light Compensation), AGC (Automatic Gain Control) and AWB (Automatic White Balance). The camera is intended for use indoors (IP34). Its small size makes it especially inconspicuous.

Product highlights:

- Smallest size, only 40 mm high
 - 160° field of view
 - Inconspicuous design
-
