Bahco impact socket sets in new case design

Sturdy, stackable cases in a new outstanding design

BAHCO IS PROUD TO INTRODUCE a new generation of versatile impact socket sets for the demanding craftsman.

THE IMPACT SOCKET SETS are stored in lightweight, handy, heavy duty cases in a brand new design. Making them out of High Density Polythene (HDPE) has made them shock proof at both high and low temperatures. The cases are equipped with a new strong easy-to-open metal locking system as well as a new robust hinge construction.

THE NEW CASE DESIGN with uniformed width allows them to be stacked. To facilitate the storage and protection of the tools the cases come with informative dividers in a new design. Another novelty is the removable three section plastic box intended for storing bolts, nuts, spare parts, etc.

Bahco impact socket sets come in eight sizes, all conveniently organized in well-designed lightweight, easy to handle carrying cases.

MADE FROM CHROM-VANADIUM with phosphated finish for durability, Bahco impact sockets offer the power, precision and safety needed in demanding tasks.

They are available for 3/8" and 1/2" drive with spring collar. Impact sockets come as shallow type and deep type for protruding bolts.

Dynamic Drive socket profile for higher efficiency and optimal grip.

High torque impact sockets for use with power tools.

Case made from impact proof, oil and temperature resistant High Density Polythene (HDPE).

Durable full metal locking device.

Bahco DF/S12

□ 3/8"

Product code: DF/S12

EAN code: 7311518280291

Contents:

12 pcs 3/8" 6-pt Impact sockets

Shallow type, Dynamic Drive profile

○ 8, 9, 10, 11, 12, 13 mm, length 25 mm
14, 15, 16, 17, 18, 19 mm, length 28 mm

2 pcs removable three section plastic box

Case: 280 x 160 x 70 mm

Bahco DFD/S7

□ 3/8"

Product code: DFD/S7

EAN code: 7311518280277

Contents:

7 pcs 3/8" 6-pt Impact sockets

Deep type, length 63 mm, Dynamic Drive profile

○ 8, 10, 13, 14, 16, 17, 19 mm

2 pcs removable three section plastic box

Case: 280 x 160 x 70 mm

Bahco DFD/S12

□ 3/8"

Product code: DFD/S12

EAN code: 7311518280284

Contents:

12 pcs 3/8" 6-pt Impact sockets

Deep type, length 63 mm, Dynamic Drive profile

○ 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19 mm

2 pcs removable three section plastic box

Case: 280 x 160 x 70 mm

Bahco D/S10

□ 1/2"

Product code: D/S10

EAN code: 7311518280307

Contents:

10 pcs 1/2" 6-pt Impact sockets

Shallow type, length 38 mm, Dynamic Drive profile

○ 10, 11, 12, 13, 14, 15, 16, 17, 18, 19 mm

2 pcs removable three section plastic box

Case: 280 x 160 x 70 mm

Bahco D/S14

□ 1/2"

Product code: D/S14

EAN code: 7311518280314

Contents:

14 pcs 1/2" 6-pt Impact sockets

Shallow type, Dynamic Drive profile

○ 10, 11, 12, 13, 14, 15,

16, 17, 18, 19, 21, 22 mm, length 38 mm

24, 27 mm, length 45 mm

1 pc removable three section plastic box

Case: 280 x 160 x 70 mm

Bahco DD/S10

□ 1/2"

Product code: DD/S10

EAN code: 7311518280321

Contents:

10 pcs 1/2" 6-pt Impact sockets

Deep type, length 80 mm, Dynamic Drive profile

○ 10, 11, 12, 13, 14, 15, 16, 17, 18, 19 mm

Case: 280 x 160 x 70 mm

Impact socket sets 1/2"

Bahco DD/S14

1/2"

Product code: DD/S14

EAN code: 7311518280338

Contents:

14 pcs 1/2" 6-pt Impact sockets

Deep type, Dynamic Drive profile

○ 10, 11, 12, 13, 14, 15,
16, 17, 18, 19, 21 mm, length 80 mm
22, 24, 27 mm, length 88 mm

3 pcs removable three section plastic box

Case: 375 x 215 x 100 mm
with two component handle

Bahco D-DD/S20

1/2"

Product code: D-DD/S20

EAN code: 7311518280345

Contents:

10 pcs 1/2" 6-pt Impact sockets

Shallow type, length 38 mm, Dynamic Drive profile

○ 10, 11, 12, 13, 14, 15, 16, 17, 18, 19 mm

10 pcs 1/2" 6-pt Impact sockets

Deep type, length 80 mm, Dynamic Drive profile

○ 10, 11, 12, 13, 14, 15, 16, 17, 18, 19 mm

3 pcs removable three section plastic box

Case: 375 x 215 x 100 mm
with two component handle

Close-ups of the new case design

The new generation of Bahco impact socket sets are organized in convenient cases with a new outstanding design. All cases are stackable and made of a sturdy shockproof high density Polythene, and are equipped with locks and hinges for heavy-duty use.

Robust and easy to open all-metal locking device.

The new, strong hinge design makes the case more durable.

A divider separates tool compartments.* This can be detached and used as a comfortable kneepad.

Newly designed, durable two component handle makes the case easy to hold and comfortable to carry.*

A convenient, removable three section plastic box, with closable lid, for storing bolts, nuts, spare parts etc.

* Two component handles and fixed dividers on DD/S14 and D-DD/S20 only. The small cases have one component handles and loose foam dividers.
