## Item # 1-4635T, Right-hand, top-coming, standard. reset knob, with thumb lever

### Right-hand, top-coming, standard. reset knob, with thumb lever

The 1-4635T is a desk tally version of the Redington Model 1-4635 stroke counter. The counter comes with a thumb lever actuator and can be secured to any flat surface. The 1-4635T is a top coming rotation, with the actuator lever on the right hand side and reset knob located on the left side of the counter. This counter is ideal for counting parts, traffic, or events.
