

Mains Filters

Designed to reduce conducted mains borne EMI, this extensive range provides many solutions to EMI problems. To meet individual design requirements the filters are available with two attenuation options – standard and medical. Current ratings are from 1 to 10 amps with single or twin fused types also available.

The choice of mounting options will suit most applications with flange, snap to panel or base/bulkhead.

Type	Page
Flange and Snap Fit	
PS00 Series	132-135
PS01 Series	132-135
Base Mounting and Bulkhead	
PS02 Series	136-139
PS03 Series	139-139
Fused Inlets	
PS20 Series	140-141
PS21 Series	140-141
PS25 Series	142-145
PS26 Series	142-145
