VGA /SVGA (DB9 D-Sub) to 3-BNC Cables (RGB)

VGA/SVGA (DB9 D-Sub) to 3-BNC Cables (RGB) - Easily connect your legacy PC or workstation (DB9 9-Pin D-Sub) to a professional grade RGB monitor, projector, or imaging system utilizing a 3-BNC video connection. Our RGB breakout cables combine a shielded video-grade d-sub connector branched out to individually shielded coaxial cable lines with matched Amphenol BNC connectors. Our breakout cables also make excellent interconnects for prototyping and testing, by linking up directly to BNC ports on scopes and signal generators. Note: These cables are designed for older generation computers with 9-PIN D-SUB video ports and will NOT work with current systems.

Gray VGA to 3-BNC Breakout Cable - DB9 Male to 3 BNC Male (RGB)

- DB9 (9-pin d-sub) male connector branched to (3) BNC male connectors
- SAVE 20% OFF this Cable: Enter Coupon Code CABLE20 at Checkout
- Interfaces legacy equipment using RGB sync-on-green with VGA
- Individually shielded coax lines protect against harmful EMI/RFI
