

47 Piece Metric Gauge Block Set Workshop Grade

The image shows a wooden case containing a 47-piece metric gauge block set. The blocks are arranged in a grid within the case. A calibration certificate is placed on top of the blocks. The certificate is from Metrology & Quality Services Ltd, dated 20 January 2004, and includes a UKAS logo.

Metric Gauge Block Set conforms to: BS EN ISO 3650: 1999

Manufactured from specially selected high quality age hardened alloy steel

Each block is heat treated to HRC65/HV820 for high resistance to wear

High quality surface finish

Each set is supplied with a 5 point UKAS Certificate of accuracy

Steel gauges must be cleaned after use to avoid corrosion

Sets are supplied in high quality fitted wooden box
