

## 2-Port VGA Switch, Manual (3x HD15F)

MODEL NUMBER: **B112-002-R**

### Highlights

- 2-port HD15 VGA/SVGA Push-Button Switch
- Rugged Metal Case

### System Requirements

- Computer with an HD15 port
- VGA or SVGA monitor with HD15M cable

### Package Includes

- B112-002-R Manual VGA/SVGA 2 Position Switch

### Description

Tripp Lite's 2-Port Manual VGA/SVGA Switch is the optimal solution for connecting two computers to one monitor or two monitors to one computer. The 2-Port Manual VGA/SVGA Switch features a fully-shielded rugged metal case with front-panel push-button switching. Interior printed circuit board design allows for crystal clear resolutions up to 1600x1280. It does not require any AC power to operate.

### Features

- Connects two computers to one monitor or two monitors to one computer
- Fully-shielded rugged metal case with front-panel push button switch
- Does not require external power, software, or complicated set-up procedures
