MR (Mini. Rectangular) Connectors

The housings are brick red in color (UL 94V-0 rated) and have 0.165" contact-to-contact spacing. Housings have molded-in polarization. Plugs and caps fit the same mounting hole. Contacts accept 26-18 AWG wire with insulation diameters from 0.025"-0.115". UL recognized File E28476 and CSA certified LR7189 for 250 V and 105°C operation.

Pin Housings (Cap) — Fig. A

Nylon, 94 V-0 rated, brick red.
