

CBG6SB 6" Bench Grinder with Sander

Part no. 6500032

Sharp cutting tools improve work standards, require less effort and are often safer to use. This bench grinder helps keep drill bits, chisels and shears etc. in tip top condition as well as having a useful sanding belt suitable for wood, metal and plastic.

- Grinding wheel - coarse grit, Sanding belt - 120 grit
- Wheel dimensions (mm) - 150 diam. x 20 wide x 12.7 bore, belt 50 x 686mm
- 240 Watt, 230v 1ph motor operating at 2800 RPM (sanding belt runs at 15.5 M/sec)
- Combined eye shield / spark arrestors plus wheel guards to protect against flying particles.
- Adjustable tool rests enable controlled presentation of the workpiece
- Durable overall construction with prominent base mounted ON/OFF switch
