

SX-10WG 802.11g/b Wireless Mini PCI Module

For Reliable Embedded Wi-Fi Connectivity

Experience the Quality Global OEMs Trust

Key Features:

- Maximum data transfer rate 54Mbps
- Powered by the Atheros AR5005G chipset
 - Highly Integrated all CMOS, single-chip IEEE 802.11g/b compliant
 - Includes a 2.4 GHz radio, analog-to-digital and digital-to-analog (ADC/DAC) converters, baseband processors, multi-protocol media access control (MAC), high speed UART and a PCI/CardBus host interface
- Includes 2dBi antenna and supports diversity antenna configurations
- Meets a wide range of global regulatory certifications / standards
 - ARIB STD-T66 FC
 - FCC Part 15 Subpart C
 - RCR STD-33
 - IC RSS210
 - EU Directive R&TTE (EN300 328, EN60950)
 - RoHS (Restriction on Hazardous Substances) compliant
- Limited modular certification in U.S. and Canada
- Superior quality from the Silex ISO 9001/2000 certified facility

Dimensions:

Silex embedded technology:

Silex Technology is a 30-year developer of external and embedded device-device connectivity products. silex has become the world's #1 supplier of print server products over the past 10 years, helping global OEMs improve the way they move information. Silex advantages for OEMs include a U.S.-based support team, industry-leading software solutions like our NSS security suite, and exceptional Japanese quality manufacturing.

Specifications:

Product Name	SX-10WG 802.11b/g Compliant Mini PCI Wireless LAN Module	
Chipset	Atheros AR5005G	
Antenna Connector	2 x U-FL Connector	
Operating Voltage	3.3V ± 0.3V	
Radio Output	11g mode: Channel 1: 12 dBm; channel 2: 16dBm; channels 3-4: 15.5dBm; channels 5-7: 15dBm; channels 8-10: 14.5 dBm; channels 11-13: 14dBm 11b mode: 1-14ch: 16dBm	
Power Consumption	11g transmit: 3.3V 360mA typical 11g Receive: 3.3V 290mA typical 500mA max 11b transmit: 3.3V 350mA typical 11b receive :3.3V 215mA typical Sleep mode: 20mA	
Weight	12g	
Dimensions	44.6 x 59.6 x 4mm	Thickness of PCB 1.0mm
Storage Conditions	Storage Temperature -10 to +70°C	Storage Humidity 5 to 90%RH
Operating Conditions	Operating Temperature 0 to +60°C	Operating Humidity 20 to 90%RH
Device Configuration	PCBA, Sticker, E/A Sticker
