

L.E.D. 3 DIOPTER MAGNIFIER LAMP

3x
Diopter

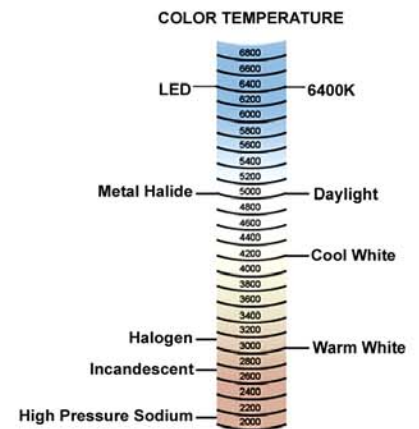

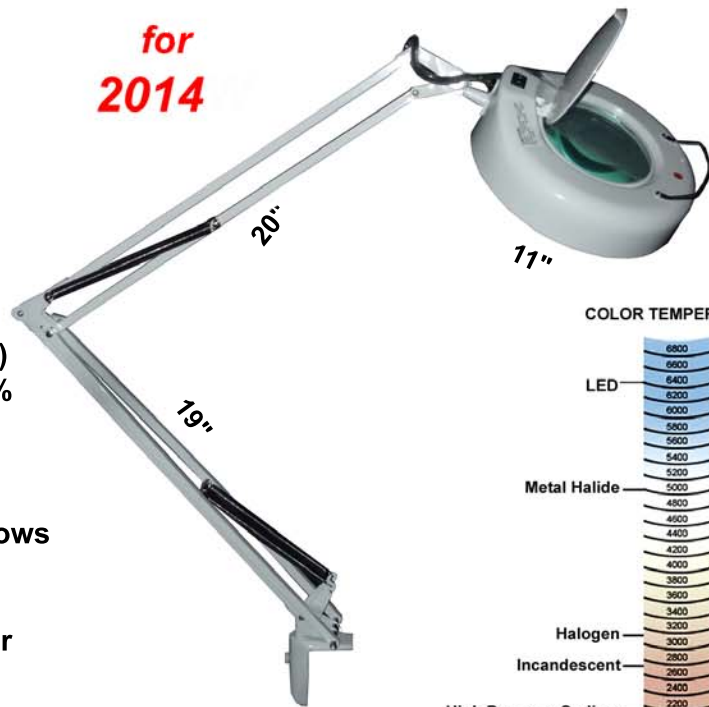

The LED120 is the perfect desktop lamp for home, office or professional medical applications.

This unit features a powerful ring of 90 Ultra bright LEDs (Light Emitting Diodes) that offer ultra bright white light with 30% less current draw than fluorescent bulbs and as bright as daylight!

The 39" adjustable swing arm design allows freedom of movement in any direction.

The head houses a powerful 5", 3 Diopter magnifying lens (glass).
