

Technical drawing of a panel jack assembly. The drawing shows a central vertical panel with a horizontal slot. On the left side, there is a threaded component labeled ".4375-28, UNEF-2A" and a label "OST JACK" pointing to it. On the right side, there is a threaded component labeled ".250-36, UNS-2A" and a label "OSM JACK" pointing to it. Dimensions are provided in inches and millimeters:

- Overall width: $\frac{1.000}{25.4}$
- Distance from left face to centerline: $\frac{.093}{2.4}$
- Distance from centerline to right face: $\frac{.315}{8.0}$
- Distance from centerline to right face (MAX. PANEL): $\frac{.188}{4.8}$
