Note: This Cat5e straight-thru patchcord was designed specifically for, and with, Applied Materials. It offers a 26 AWG, Shielded, Stranded, PVC jacket and operates at 100MHz.

The narrow black snagless boot is flexible and meets the width requirements AMAT specifies.

If the color you need is not listed, see [SC-4507](#).

Custom Lengths!

Why pay for 10 or 15 feet when you only need 2? Or move equipment because the cable is too short? We build the exact length you need and ship in 24 hours.

- Thrifty!
- Convenient!
- Neat!

"This'll never work..."
