* Maximum weight capacity when contents are evenly distributed that maintains buoyancy level just below the lid closure line.

** In model 5122 the internal dimensions given are calculated on the deepest bottom area. However, the depth is shallower in places where allowance is made for the wheel wells and the telescopic handle well.

BUILT STRONGER TO LAST LONGER

Explorer Cases are the first of their kind to be manufactured in Europe, indeed their clean lines and good looks reflect their Italian heritage. We have produced a range of virtually indestructible durable waterproof cases providing a solution for any equipment requiring a high level of protection. Applications range from Military and Aerospace to Computer and Equipment cases while their **dust and waterproof qualities** offer absolute protection making them ideal for use in the harshest environment.

The Explorer Cases have been subjected to a series of controlled laboratory tests to prove their suitability for use in the most extreme and hazardous applications and ensure that they meet the exacting standards of: **IP67 Dustproof. Waterproof - Defence Standard 81-41 Level J STANAG 4280 (edition 2) - Conformity with the Directive 2002/95/EC.**

OUR GUARANTEE

"We want you to count on Explorer Cases as the most reliable resource to carry your valuable equipment in the harshest environments.

That's why we guarantee FOREVER our cases against breakage of materials and workmanship that could affect the integrity of what you carry inside.

After all, it is not by coincidence that all of our unbreakable cases have met the most rigorous military standard qualifications and are now so popular in extreme environments, no matter what human being, animal or fish you come across in your life journey."
