

Cat.5E PCB Patch Panels

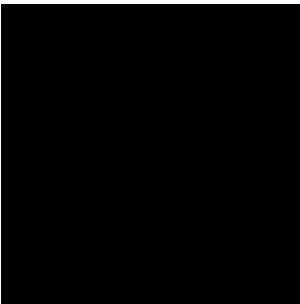

Click on image
✓ to enlarge

The range of 19" rack mount patch panels feature specially designed, individually labelled cable tie "saddles" for each RJ45 port; permitting accurate IDC termination.

Features:

- Excellent quality patch panels manufactured in the UK
- High density design makes economic use of cabinet space
- Fully compliant to EIA/TIA TSB 40-A Cat.5 & Cat.5E specification
- Incorporates PCB within design and uses TYCO UTP jacks and IDC colour coded blocks for easy & accurate terminations
- Unique velcro cable retainers for patching management
