

JOBY® gorillatorch. SWITCHBACK™

The Gorillatorch Switchback transforms from a powerful, compact lantern to a high-performance headlamp, all using a single 5-LED light array. Hit the trail with the headlamp when you need solo lighting, then fold into the lantern housing to illuminate your group's activities and meals at the campsite. The Switchback's smart ergonomic design features a rugged yet sleek exterior, which makes it the perfect companion for your camping, climbing, or backpacking exploits. Wherever your outdoor endeavors may take you, the Switchback will be there to light the way.

PRODUCT FEATURES & BENEFITS:

- **Five powerful LEDs** – one ultra-bright 130-lumen CREE® XLamp® XP-G LED as the primary lamp; two white LEDs for flood lighting; and two red LEDs to preserve night vision.
- **Easily transforms for multiple uses** – integrated, adaptable design allows product to seamlessly transform from a high-performance headlamp to traditional campsite lantern to hanging dome lamp.
- **Compact and lightweight** – easy to carry and stow, even on your most extreme outings.

- **92% ultra-efficient holographic lens** – brilliant, even light profile illuminates large areas with ease.
- **Flexible, wrappable legs** – attach to almost anything for ideal outdoor light positioning. Plus, the stand doubles as a tripod for your point-and-shoot camera.
- **Ergonomic headband design** – adjustable band ensures comfort over hours of heavy trail use.
- **IPX-4 water resistant** – powerful light for the toughest environments.
