PC852XPJ000F

Application:	Telephone line interface/isolation;Interface to power supply circuit;Controller for SSRs, DC motors
Description:	Gull Wing SMT PC852XJ0000F, 2KT&R
DIN EN60747 - 5- 2 Approved:	No
DIN EN60747 - 5- 2 Option:	Yes
Family:	PC852XJ0000F Series
Ic Max:	150
Ic MIN:	10
If:	1
Lead Form:	SMT Gullwing
Output:	Darlington Phototransistor
Package Type:	DIP 4- pin
Rank Mark:	None
Replacement Parts:	PC852XNNIP0F
RoHS:	Yes
Safety Standard Approvals:	UL, VDE
Shipment Package:	2000pcs/reel
Status:	Discontinued
Viso:	5

Distributor Inventory

Part Number	Distributor	Quantity	Inv. Date
PC852XPJ000F	MOUSER ELECTRONICS	1485	4/2/2011
PC852XPJ000F	DIGI- KEY CORPORATION	693	4/2/2011

Documentation

Type	File Name	Revision Date	Size
Datasheet	pc852x_eJ.pdf DIP 4pin Darlington Phototransistor Ouput, High Collector - emitter Voltage Photocoupler	10/13/2005	262.73 KB
PCN	PCN- 20100929 - 01.pdf Sharp is moving the production location for the part numbers listed on page 2. Products produced in the new location will have a new part number as indicated in the list. The specification for the old part number and the equivalent new part number are the same. Sharp will ship the new part number in place of the old part number as inventory is depleted.	09/29/2010	120.7 KB
