

## Marine Products

## Communication Frames and Connectors

Hubbell now offers the ability to put 2 or 3 communication devices in a single, Style Line® plate.

Any combination of phone (6-position jack), cable TV (F-type connector) and Category 5e modular data jacks can be assembled onto a 2-port or 3-port frame - each sold individually so you can customize them how you need them - or - the highly popular phone & cable TV combination is available with the frame and matching wall plate under a single catalog number - in all the popular colors.

Finally - a single communications plate that can take the place of 2 or 3 plates - available from a company you can trust for superior quality.

Hubbell's Marine communication frames and connectors deliver high quality data and multimedia transmission to the point of connection. Hubbell's 2 and 3 port Styleline frames and leading edge connections allow for customized configurations. Install Hubbell's Marine communication offering and be assured a reliable connection.
